Adam

Who was he?
What would have happened, had Adam not fallen?

A selection of Revelations from God,
received through the 'Inner Word'
by Bertha Dudde

Adam

This booklet contains a selection of Divine Revelations, received through the Inner Word by Bertha Dudde as promised by John 14.21: "Whoever has My commands and obeys them, he is the one who loves Me. He who loves Me will be loved by My Father, and I too will love him and show Myself to him."

* * * * *

The revelations are non-denominational, they do not intend to attract members of any Christian religious affiliation nor to recruit members into any Christian religious affiliation.
The only purpose of these revelations is to make God's Word accessible to all people, as it is God's Will.

Only complete and unaltered messages with references may be copied and translated.

The cause and origin of the creation

The incidents which happened in the kingdom of the spirits were the cause of the origin of the creation, [that is] the entire universe including all of its creations of the spiritual and the material kind. Prior to the originating of these creations was nothing but the spiritual kingdom. It was [a condition] of immense blissfulness within which spiritual beings enjoyed themselves of their existence and, by their possession of power and light, were able to create, according to their destiny.

And again, this creating consisted in spiritual creations, i.e. the thoughts and ideas that [then] emanated from God towards those beings which they thus converted by immense bliss into reality, because the power to do so was at their disposal and they were also capable of using their will [power] in a free manner. And there was [certainly] no need for this blissful condition of the spirit-beings to be changed, ever; and as long as their love for their Creator remained unchanged within them and they thus were being saturated with the divine light of love, they didn't need to fear neither restriction of their power nor a reduction of their light.

But then [eventually] the condition occurred when a new view opened up to the beings when, on the part of the first created being, the light carrier Lucifer, the Divinity [God] was presented to be doubtful because It was not visible [i.e. as a visible being]; when he [Lucifer] himself pretended to be the one from whom all the spirit-beings emerged and he thus expected from them the acknowledgement of being their god and creator instead.

Hence, the beings were thus put into a conflict because their love [really] belonged to the One Who [basically] created them. But Lucifer's presentation confused them; in fact, it appeared more plausible since Lucifer was shining in [full] light and radiance and a being above him they certainly could not imagine. Except, though, there still remained the light of insight within them according to which they also held doubts against Lucifer's presentation.

But by now clear moments started to take turns with slightly dull ones and the more the being devoted itself to the latter ones the longer the phases of darkened thinking became; or with other words: the one's thoughts became clear and the being most clearly recognized its origin. And [thus] Lucifer was not able to dull the insight of the latter any more. The former, however, got under his control quite quickly and followed him and considered him as their god and creator because they rejected their enlightened moments which repeatedly occurred to them as well, prior to the taking place of the final fall into the abyss.

The undiminished power of Lucifer at the beginning had created a numberless army of most blissful spirit-beings, and from this abundance of his creation a wrong self-consciousness grew within him. He did not see the Source anymore from which he had obtained that power, but he only considered the proofs of the power which had flowed through him, and all this he wanted to keep just for

himself even though he knew it equally belonged to the One from the power of Whom he was allowed to draw.

Yet, he also wanted not only to possess it but also to dull the light in these beings which most distinctly revealed their origin to them. And he thus managed them to be caught in a conflict which also lessened their blissfulness and hampered their creative activity, until they made a final decision for their lord and, by that, the beings and the light-carrier as well forfeited their power with the light and plunged into the darkness. And that one spiritual event, which can only be explained to you humans in broad outlines, was the cause for the coming-into-existence of the endless creations of the spiritual and the material kind

These creations are nothing but a transformed, broken away spiritual. By this break away from God, which is an endless remote distance, it [the spiritual] became continuously harder in its substance the farther it fell. Now, this must be understood like this: The spiritual power from God, which drives for a continuously livelier activity, was not able to touch this spiritual anymore because it was fighting against [the spirit of God]; and thus [its] activity came to an end, the mobility, the life came to a stop. And the remainder was completely solidified substance; actually power originally emanating from God, now having become completely ineffective.

But God's love and wisdom had originally destined another purpose to the spiritual: Constant activity according to his will which, at the same time though, was also meant to be the will of the being itself. The spiritual beings had violated against their assignment, they wanted to use their power with an intention opposed to the will of God, but they were not able any more; due to their breaking away they deprived themselves of their power. By now God's love again took a hold of the completely solidified spiritual that did not recognize itself anymore, which was just a conglomeration of contrary-to-God spiritual substances.

God's power of love dispersed these substances and let the most versatile works of creation arise from them. He thus reshaped the power once emanated from Him, so to speak; He established the destination for every single work of creation that was now certainly achieved in the law of fixed regulation [matter]. [This happened] to the extent of a now forced activity of the disintegrated spiritual, even though without any self-awareness of which it was in possession as a spiritual being once before.

Basically, then, the [material] creations are nothing else but that which has originally taken its beginning as a being from God, except in a completely changed condition as far as its perfection is concerned. For all creations are or contain only an imperfect spiritual that is on the path of return to God. The perfect spiritual beings [originally] were in no need of material creations; they brought forth their ideas and thoughts from out of themselves but, again, those were actually just spiritual creations of their own wants and thinking and of their unlimited power.

It was a world within which there was certainly nothing found but a perfect. There were no flaws, no limits and no inadequacies For these did not emerge until the universe contained disloyal-to-God-beings who, being imperfect needed [mortal, outer] shells within which they were forced to activity.

Hence, then, wherever there are any kind of forms there is also an imperfect spiritual captivated within, and the more solid those forms are the more hardened and opposed-to-God is the spiritual bound in it.

But even the form itself, matter, consists of such imperfect substances, merely held together by God's power of love to serve the one purpose: As carriers of spiritual beings to help these towards the climb. Divine power of love surrounds all of these spiritual substances, but it does not act forcefully upon them to the point where it would break their resistance by forceNevertheless, it is true, the work of creation has to, according to the will of God, carry out a certain activity but the spiritual [contained] within is not being forced to turn to God.

And that's why it is also possible the spiritual that belongs to a primal being covers the whole walk through the works of creation up to the last embodiment as a human being and still, it has not given up its resistance towards God because it is its free will that needs to achieve such, leaving also the possibility for it to again turn to the lord of darkness as well. But the continuous activity in the law of fixed regulation mostly accomplishes a decreasing of the resistance against God because the spiritual [in matter] does sense a certain pleasant feeling even at the slightest self-initiated activity, since a certain application of power fits its original being.

The countless star worlds, i.e. all the creations contained in them, are the result of that one falling-away, once, in the realm of the spirits. They will still remain for eternities, there will continuously arise new creations for the sake of making it possible for all the fallen ones to return to God. Eternities will pass by until the work of return will be completed, until even the last solidified spiritual will be dissolved and be able to enter the path of return But once all those creations will be spiritualized, once again there will be but one spiritual world where all the spiritual will be active with the same will of, and with God, and will be incomparably blissful Once God will have reached the aim to be surrounded not just by creatures but [rather] by children to whom He can give the greatest blissfulness, because His endless love urges Him to constant happiness and also does not let Him rest before He has reached His aim.

Amen

Transformation from death into life

I guide all that is dead into life For the origin of everything in existence was life It was a state of constant activity in light and strength, for the strength of My love the foundation of everything in existence also permeated that which emerged from Me as a being, and this strength had to become effective in continuous activity. This activity consisted of constantly creating; however, the kind of creations cannot be explained to you since they were spiritual creations which your still limited thinking is unable to grasp. But it was active, and this activity was the evidence of 'life' When the beings turned away from Me, when they opposed My strength of love, they gradually fell into a state of inactivity, and thus their state of life became a state of death They hardened within their substance and became immobile, rigid and incapable of all activity

.... But then they could no longer be called happy And countless beings are still in this state of death, which once came forth from Me in all perfection, which were abundantly happy because they were able to be effective in light and strength without restriction but which nevertheless voluntarily gave up their perfection when they opposed Me and rejected My illumination of love, when they followed My adversary who, as My first-created being, also detached himself from Me into the abyss. Hence their state of life became a state of death However, I will not leave them in this state forever, I will try to bring the dead back to life and will not rest until I have reached My goal that everything which had once fallen away from Me has returned to Me until it has come alive again. But this process of return to Me will take an infinitely long time, which certainly will come to an end one day but the duration of it is determined by the being itself. For I have to take free will into account, which is the possession of every being as a sign of its Divinity and which therefore also determines the form and duration of the process of return. Everything you see around you, thus every work of creation, only emerged for the purpose of this process of return, for I devised a plan of Salvation which My love and wisdom recognised as successful and which is implemented by My power. I want to bring everything that is dead back to life.

And that means that all that which is rigid, all that which is incapable of activity, must gradually be allowed to become active again. But this is now decided by Me Myself, because I restrained the formerly rebellious will for a certain time of higher development so that it slowly returns to a state of 'life' although in a state of compulsion i.e., during this time it has no free will, but has to move according to My will, in order to then, after an infinitely long path of development, reach a state of free will once again. And this process of development involves passing through all creations on earth it is a process which becomes understandable to you if you imagine that every work of creation is animated by individual substances of soul, which formerly belonged to the once fallen being and which, in its dead state, was dissolved into countless tiny particles, which thus carry out their designated task within the creations according to My will according to the divine law of nature You humans are only intended to get a rough idea of what Creation fundamentally consists of you should know that it did not arbitrarily arise without meaning and purpose but that it has a tremendously significant purpose indeed: to contribute towards awakening all that which is dead into life For that which once deserted Me were beings which I externalised as images of Myself, which I wanted to make supremely happy and, at the same time, find My happiness therein as well They had been My love's living creations, which I will never abandon and which I also want to help out of their self-inflicted state of death, which I want to guide into everlasting life And since My love for My once created beings has not diminished I will not slacken in My efforts to bring these dead creatures back to life. Yet one day they will also receive their free will again, and then they will have to complete the work of My love themselves They must strive towards Me again of their own free will, just as they once turned away from Me Thus they must choose a state of life themselves, for their final perfection is not determined by My but by their will. And if this will fails, then the being itself will indeed extend the duration of its state of death, but one day I will reach

My goal with certainty, for I will leave nothing in a state of death which once emerged from My love into a free life in light and strength

Amen

*Infinitely long fall into the abyss
Path of return*

The work of return is taking its course according to My eternal plan of Salvation. One stage after the other has to be covered, no stage can be arbitrarily missed out, everything takes its course according to My eternal order, the return will happen in the same way as the fall from Me had once taken place, the only difference is that this descent proceeded into infinite emptiness, whereas the return continues through all kinds of works of creation and thus the ascent is guaranteed, because My wisdom and love deem it to be advantageous. Nevertheless, it will take an infinitely long period of time before this work of return is concluded, before the fallen being may inhabit the earth as a human being again, in order to take the last step towards perfection These periods of time are so infinitely long that you humans are incapable of comprehending them. However, the fall into the abyss took even longer still, from the point of view of time But no concept of time and space existed then, to the spiritual beings which fell away from Me everything was endless since due to the ever greater distance from Me they also became increasingly more atrophied, thus the absence of strength of love caused a feeling emptiness and desolation, which they had never known before . And in this state all realisation began to wane, the spiritual being's thinking became confused, the beings were no longer capable of giving account to themselves as to what had happened, ever more darkness surrounded each being until it was no longer aware of itself and its substance became hardened until all energy of life was gone Only then did I take care of them again Only then did I let Creation arise from these no longer self-aware beings, whose spiritual substance had thus hardened and which I therefore reshaped into all kinds of different creations

Hence, Creation had once been the strength I emanated as a being, which was merely reshaped for one purpose: that it should serve Me according to My will, because it once wanted to dominate and as a result of this sin fell into the abyss Through being of service it should ascend again, albeit in a constrained will yet with the certainty of reducing the infinitely long fall downwards Through its service in the state of compulsion it was intended to reach step by step higher spheres again up to the state in which it was also meant to be of service but of its own free will, **without** being forced into it by Me for only then will it be able to take the last step to reach perfection, for it will only use its own free will correctly if it is of loving service of its own accord. The path the once fallen spirits have to cover is infinitely long but their path has been delineated by Me Although during the last stage as a human being there is a risk of failure, but the final test of will cannot be avoided, it has to be taken in free will, and therefore it is possible that the human being will fail but this will not stop Me from implementing My plan of Salvation which applies to the return of all

fallen spiritual beings. One day I will reach the goal and I will do everything possible so that the human being as such will not take the path across earth in vain, but I will not force him, because his every action has to be voluntary and because he must voluntarily be of loving service if his path is to gain him success so that he, at the end of his life on earth, will be liberated from every form

Amen

The human being is not a product of coincidence by a Creative Power

The human being with all his vices, flaws and afflictions is easily inclined to believe that he was created like this by God, if he believes at all to have originated from Him. Yet this Creator would have to be denied all love and wisdom which motivated Him to create humans (beings); for in this case every person would merely be the product of a Being which is imperfect itself, which created the human being (the being) as a whim but which cannot be accredited with supreme perfection. Someone who is able to entertain such thoughts at any time is utterly unenlightened; he has formed a completely wrong concept of his Creator, for the existence as a 'human being' is only the stage of an infinitely long process of development but, at the same time, it is the most important stage, for during this time the being has to make its final decision of will in order to achieve its original state again in which it was once created You all need to know that your origin from the supremely perfect Being had likewise been a state of supreme perfection and that the state you are in **now** was created by yourselves, which was therefore **not** the work of your Creator of eternity You all need to know that it is only an intermediate state which you caused yourselves as a result of reversing your will but which you can change again into your original state if your will is likewise prepared to change. And therefore you have to fight against all your vices and flaws, you must try to change yourselves and create a state in which you transform all your flaws into virtues, in which your God-opposing relationship undergoes a change which will bring you close to Him and you approach the original state once more in which you once emerged from Him. You cannot look upon your human existence as a concluded life, you must always know that there was a 'before' and that there will also be an 'after' but that you, during your life as a human being, must make a decision as to whether you want to be free from every form or whether you want to fall back again into a stage which you had already overcome a long time ago.

But don't believe that you are a product of coincidence by a Creative Power Which arbitrarily externalised beings from within Itself which are more or less tainted by various flaws and vices believe that this Creative Power has to be accredited with love and wisdom of highest perfection and that It created you for a purpose to radiate Itself, that is, Its love, into Its created beings which, however, was prevented by these beings themselves thus, they rejected this love and thereby changed into the opposite into the beings which you are now as humans yet always with the goal to achieve your past nature again. And thus you should consider your time on earth merely as a passageway,

consider it as a divinely planned designated return into your actual state, since you emerged in supreme perfection from the Creative Power. And you should know that you must make every effort during your earthly life in order to fight against all bad habits which prevent you from entering into unity again with your Creator of eternity, Who wants to be your Father, but that you will be infinitely happy if you succeed in changing, if you allow this change into love and by doing so may take possession of your Father's ray of love again, Who bestows this bliss upon you. For this is your only goal, to once again become what you were in the beginning supremely perfect beings, as they were when they came forth from God

Amen

BD 6344

The creations' lack of self-awareness

Nothing you can see around yourselves is without spirit. Everything visible to you shelters spiritual substance which once emerged from Me as a spiritual being but which, dissolved in countless minute particles, has lost its self-awareness and will **continue** to pass through the visible creation without this self-awareness until all particles have found each other and united again and **now** constitute this created original spirit once more which, embodied as a human being is given self-awareness again Consequently, the human being is an original spirit concealed within a material shell, whereas all other works of creation, from hard matter up to the animal, are likewise animated by tiny particles belonging to an original spirit which, however, is unable to recognise itself as a being because it lost this realisation due to its past apostasy from Me But Creation could not exist were it not animated by substance in other words: In the very beginning I created beings which I externalised in My image. The material creation, however, consists of these, My created beings, and only arose for the purpose of enabling the constrained spiritual substance within to **return** to Me, from Whom it had voluntarily separated. Every creation of Mine is emanated strength It is not lifeless because nothing dead can emerge from Me

Everything that **testifies to life** is something substantial, the effect of its strength can merely express itself differently but it will always prove to be strength, it will perform a function which may well remain concealed to the human eyes if it is minor yet it cannot be denied because **nothing remains** as it is but will always show a change. The more evidently an activity can be observed the more life is betrayed by the work of creation, and only its lack of self-awareness gives rise to doubt the spiritual substance within everything that is surrounding you But it will only become an independent entity again once it has regained its self-awareness, although the **life giving** substance - within the human being as well as within every work of creation - is the same: strength which once emerged from Me as a being That which betrays life already shelters this strength to a greater extent than apparently dead matter and yet the latter could not exist were it not spiritual substance itself since, in the final analysis, everything is strength which flows forth from Me which, like Me, must also be spiritual

substance There is, however, a difference of perfection of the beings which once came forth from Me And this difference determines their respective activity which can consist of creating and populating worlds but also of a minimal service by the imperfect beings towards equally imperfect beings a service which will nevertheless constantly increase and steadily lead to activity which can also be observed by you humans which demonstrates life For everything shall attain that level of perfection again in which it was originally created so as to be able to use the strength, which constantly flows to it from Me, as a self-aware individual being according to My will

Amen

BD 7571

*Development of the soul
Original spirit*

Spiritual substance matures during every developmental period, and one period can in fact suffice for the spiritual substance to progress through the creations to the point that it is able to embody itself as a human being and successfully pass its last test of will But several such periods may be needed for this spiritualisation of hardened soul-substances if resistance is so strong that its higher development is too slow and the existence as a human being carries an added risk of the soul descending into the abyss again. For free will, which is tested during the stage as a human being, is decisive.

But prior to this, free will is constrained Although the hardened spiritual substance is no longer subject to God's adversary's will due to this process of development through the creations of earth the individual substances are nevertheless unable to use free will, instead they are controlled by God's will, that is, their process of development takes place in a state of compulsion, they are subject to God's will, Who assigns a task to all spiritual substances within the works of creation. By accomplishing this task within the law of compulsion they gradually progress, i.e. their resistance lessens; they carry out a helpful function and are able to slowly reach the state when their free will can be returned to them. And this process of development requires constant changes of the external shape it is a slow ascent, it is an integration with the laws of nature and therefore a submission to God's will, if only due to a certain amount of coercion which, however, only helps to relieve the being and one day is meant to provide it with the freedom to think, want and act using its own will again.

And this process through the works of creation cannot be avoided if the spiritual being is to return to God again, from Whom it had distanced itself to such an infinite extent as a result of its apostasy that it would never be able to overcome this distance of its own strength, and would never be released by God's adversary to return either if God did not remove the spiritual substance from him for the very purpose of banishing it into matter, into the creations on this earth. God's adversary is entitled to the fallen spirits because they had voluntarily followed him into the abyss But God has the same right because the beings emerged from His strength. Hence God is justified in removing them from the adversary's control, but in return the latter was given the right to influence the soul again

when it lives on earth in the stage as a human being. And to this end the spiritual substance must have attained a degree of maturity again when it is able to use its will in order to freely decide which lord to choose.

But God cannot place the spiritual substance into this state instantly, it has to cover the process of ascent in the same progressive stages as it had descended, it has to relinquish its resistance slowly, as it cannot forcibly be broken. And this requires innumerable changes of form, through the world of rocks, plants and animals to the human being Every change of external shape also lessens its resistance, for the being has been of service in a state of compulsion by which it gains increasingly lighter forms But the sin of apostasy from God is so vast that the distance from Him is therefore vast as well, which means that untold changes of shapes are needed to reduce this distance in order to come closer to God again, when only the last free decision of will is required for the last form to fall off for the being to return to the Father again from Whom it had originated

And this whole process of development within the creations of earth is a continuous battle The spiritual substance tries to burst the external shape because it experiences it as a constraint, but each time it also experiences the rupture of the form as a relief irrespective of its level of maturity And this is why the struggle, which you humans are able to observe in the animal kingdom, only seems cruel in your eyes, whereas time and again every animal experiences the change of its external shape as a relief. For this reason God permits or even wants the weaker to succumb to the stronger, the stronger to terminate the life of the weaker and, in a manner of speaking, is thereby even able to serve the spiritual substance to continue its development. Therefore, as long as the being is subject to the law of compulsion everything is determined by God, its end as well as its new formation However, as soon as the being has reached the stage of a human being and has received its free will again, God withdraws His will And then the human being is given laws which he has to observe if his earthly life is to be successful On the one hand he is tied to the laws of nature, and on the other hand he is informed of God's will, to which he has to submit if his development is to progress and reach a conclusion, for the goal is to become free of every external shape and to enter the kingdom of light as a free spirit to return to the Father's house, to God, from whence the being once originated

Amen

'God breathed a living soul into him'

My eternal plan of Salvation intends to bring about the deification of your souls, which indeed had once been divine and perfect beings yet they forfeited this perfection of their own free will You humans should know that I did not externalise you from Me as imperfectly as you are now, that I undeniably created the human form, but the soul, which animates this human form, had already spent an infinitely long time of changing its voluntarily fashioned, completely wrong state to such an extent that it was able to dwell in the human form in order to attain complete deification again. You must know that I did not create you imperfectly to then demand of you as human beings to perfect yourselves because nothing imperfect can emerge from Me Once you are in possession of this knowledge you will also consider your earthly existence from a different point of view You will realise that it is not an end in itself but the means to an end However, as long as you are lacking this knowledge you justifiably believe that you may use your earthly life purely for the sake of improving your physical well-being You believe that you may use your energy of life purely physically, even if you aspire to the goal that every individual person should improve himself ethically in order to achieve a better human race But you don't understand the **spiritual** task of the individual yet The human being himself is not the final goal, the existence as a human being is merely the final opportunity on this earth to reach the highest goal. And the teaching that I 'created man so that he should love Me, be of service to Me, in order to thereby enter Heaven' is only justified if the human existence is looked upon as a limited stage for the soul which once became imperfect, otherwise this teaching will lead to wrong ideas, such as the one that something 'imperfect' the soul was joined to the human being at birth, that thus something **imperfect** was brought to life by Me This not only confuses the image of My nature, which is supremely perfect, but also people's train of thought, who do not grasp their actual task on earth and will therefore be increasingly more worldly orientated because a wrong concept is being developed in them.

Although through love for Me and selfless service the human being could indeed be able to attain the right realisation and subsequently beatitude it will nevertheless prevent love being kindled towards a Being which uses its creative strength for the emergence of **imperfect** creations; and even selfless service lacks the right motivation if people are unaware of the perfect spirits' former apostasy from Me, which consisted of the fact that they wanted to rule with arrogance hence they discarded the principle of love Their imperfection was caused by the beings themselves However, the fact that you are imperfect as a human being cannot be doubted, and therefore you must first try to ascertain the **reason** for your imperfection and not be satisfied with the explanation that I created you the way you are on earth now But the latter is endorsed by all those who portray the act of creation of the human being such that a 'soul' is 'created' at the same time for this human being which they deem they can justify on account of the Words 'God breathed a living soul into him' The fact that this living soul is a formerly fallen original spirit is not known to them but this knowledge could be discovered by every individual person if only he seriously questioned the meaning and purpose of

earthly life and his task on earth. And even a misguided teaching could make a person question, if only he wanted to gain clarification And especially the teachers who guide people should first attain clarification themselves, which they can receive at any time by merely turning to Me Myself if slight doubts, which everyone can feel arise **within himself** during **deliberation**, would make them turn to the right source, where purest trust will refresh anyone who desires it. The reason why there is so much darkness amongst people that misguided teachings were able to spread is due to people's indifference towards the truth, for it is available and within reach for everyone who seriously desires the truth. Yet only a few try to penetrate My eternal plan of Salvation but for them everything is obvious and they are brightly enlightened because the Light of eternity Itself kindles it in all those who want to escape the darkness

Amen

Adam

Original spirit

Lucifer's test

Bursting the form

Anyone who strives to arrive at the truth leaves all darkness behind him, he will have an explanation for everything, he will know the correlation between all things, he will recognise that his path leads upwards, that he has found the connection with God, that he cannot err anymore because God Himself conveys the truth to him. But striving for the truth means that it first has to be sincerely desired, and then the knowledge he receives be it from outside or from within in the form of thoughts has to be accepted with an open heart. For the heart will be willing to either accept or reject truth and error and thus influence the person accordingly.

Truth has to be aspired to in so far as that the human being's will has to be actively involved it cannot simply be given to a completely passive person who does not want it himself and who will not take the necessary steps in order to gain it. For then he will remain in spiritual darkness and not achieve progress. Truth, however, is the ascending path Truth is the spiritual knowledge conveyed to people by God Himself which tries to find a recipient in every human being, which can be acquired by every person's will since it can be imparted to people in many different ways but it always has to be desired first. But anyone who has gained the truth no longer lives in darkness, everything is crystal clear to him, he no longer doubts, for whatever is still unclear will be explained to him when he asks for it providing he turns to the source of truth providing he submits his doubts and questions to God Himself and then awaits God's answer through his heart The desire for truth, the mental contact with God and his inward listening also ensures him a clear and truthful answer. You humans should know that no unsolved questions need to exist for you providing you just want an explanation and present every question to the One Who is truth Himself and Who also wants to impart it to His children in order to enlighten them, in order to illuminate their path of ascent:

The body of the first-created human being was also an act of creation by My love. I then had to create an external shell for the fallen spirit once it had worked its way up from the abyss to a point where it was able to undertake its final test of will in complete freedom I had to create forms for all My once created original spirits whose previously dissolved substances had come together again after an infinitely long period of time and who, therefore, as self-aware beings once more, were waiting for permission to become active Creating the external form of such an original spirit was no **different** than the countless many works of creation which had previously arisen it was My externalised thought which, through My will, appeared before Me already completed. But giving life to this created form was only possible by permeating it with My strength of love

The originally created spirit, however, was My emanated strength of love Hence it only needed to take possession of the external form in order to turn it into a living being. The spirit was close to its perfection and yet far from it because it lacked final realisation because the sin with which it was burdened had completely deprived it of all knowledge and in this state it needed instruction and commandments thus it was to gradually mature into realisation by complying with these commandments A great spiritual battle had taken place earlier because a large number of fallen original spirits wanted to occupy My first created form For they knew that they could only gain access to Me again in the body of a human being, that they would only be able to gain unimaginable abundance of strength and light through a test of life in which they were to prove how they would utilise the strength at their disposal But I Myself chose which original spirit should take abode in the first human being For only I knew whose opposition to Me had weakened such that the final test of earthly life could be imposed on him; I knew whose will could have resisted My adversary's power. Therefore I chose an original spirit which had once taken a leading position during the spirits' apostasy which was indeed more heavily burdened by sin but which My love very much endeavoured to regain, for countless beings would likewise have followed it and the redemption would have progressed far more rapidly I have known, in fact, since eternity that this original spirit would fail Nevertheless, due to its changed will during the preliminary stages it was the strongest spirit, thus it was also **entitled** to be the **first** to receive the state of free will, and which therefore offered the best prospects of passing the test of will

The form of the first human being was before this original spirit occupied it, also visible to Lucifer, who certainly knew that this form was the gate from the kingdom of darkness, from his realm, into My kingdom, into the kingdom of light He also knew that if he didn't want to lose his followers he had to use every means to wrest the souls back from Me during the human being's approved probationary period, in order to turn the test to his advantage

My created form was still without life when Lucifer seized it in order to test it by animating it with his spirit yet his untamed spirit burst the form, and he was sure that every spirit banished into this form would burst it and that there would never be any danger of loss for him

I allowed this test to happen and then proved to him that his assumption was wrong For due to its long process of development the very spirit which was to embody itself in the human being no longer shared Lucifer's will, it willingly

occupied the final external form, and since this original spirit was close to its original state it did not consider the external form a shackle to prevent the fall into sin For it was master over all of creation, it could rule like a lord over the earth which was at its disposal with every creation It had abundant might and strength only subordinate to My might, which only gave it an easy commandment, the obedience to which would have broken any constraint imposed on it

And when Lucifer realised this he thought about ways to stop the human being from obeying this commandment, and since he knew the first human being's body he tried to make him dislike it by portraying it as a shackle by making freedom from it dependent on **transgressing** this commandment and thus incited the original spirit to inwardly revolt against Me again for not having given it complete freedom It was a deliberate deception which the first human being could have resisted by merely adhering to My simple commandment if he had been satisfied with his possession of might and strength which made him truly happy until My adversary aroused an impure desire in him to be greater than the One, Who was a perceptible power above him of Whom he knew and Whose commandment he nevertheless disregarded

The first human being's fall into sin was therefore a repetition of the original spirit's first fall. It followed Lucifer and drew innumerable beings into the abyss with him just as all descendants of the first human being were afterwards also placed into the weak state of sinful people until Jesus Christ came to their rescue, until Jesus Christ acquired the strength of will on behalf of humanity through His crucifixion, until Jesus Christ opposed Lucifer's temptations with His strong will and defeated him

Nothing could have induced the first-created being, Lucifer, to cover the earthly progress as a human being as long as he still considered himself lord of the spiritual world which had deserted Me with him, for he himself did **not** take the course through matter, through creation, before the creation of the first human being As a spiritually tangible spirit he was volitionally still My strongest opponent, he deemed himself lord over the creation which sheltered the spiritual substance that belonged to him, although he himself had no influence over it. His inner resistance was still unbroken, and he would never ever have put up with any coercion, he would never voluntarily have entered a form created by My will because he hated all forms for the spiritual substances, all works of creation, and sought to destroy them However, his power over the works of creation had been taken away from him, but then he was granted influence over the soul when this was to make its free decision again for Me or for him He also knew that he was unable to destroy a form himself once it was inhabited by spiritual beings, and for this reason he inspected the first human being's form **in advance**, for his goal was to induce the original spirit which was to occupy it to destroy its own external form because he believed that he would thereby provide it with the freedom which I had taken away from the spirits due to the works of creation He wanted to stop Me from completing the plan of Salvation.

The opposition between Myself and him existed ever since his apostasy and will never be given up by him until he realises that he is completely powerless, and in profound weakness and humility appeals to Me to give him strength For

this reason it would have been impossible to give him the first human body as an abode. For his will did not aim for ascent, whereas the past resistance to Me by the spiritual essence, having passed through creation in the state of compulsion, had already diminished and it was merely to prove just once more that it had abandoned its opposition to Me and My strength of love. And Lucifer knew how far this spiritual essence had already distanced itself from him, and he also knew that there now was a risk of losing it entirely. And since the original spirit embodied in the first human being had once been his staunch supporter he was particularly interested to bring it to fall But he also knew of its present desire to become free from every physical restraint

And then I placed a second being at this original spirit's side, which simultaneously was to support but also help him with the test of his will. Each one could have supported the other to arrive at the final objective; I did not place the responsibility on one shoulder alone I gave the commandment to both, and both were able to attain the goal together And this second being was used by Lucifer, who recognised its weak will and thereby hoped to achieve his objective The test of will had to be demanded from the first human couple, and in support of this test adverse forces also had to be active, for Lucifer fought for his living creations too, which he did not want to surrender even though they belonged to Me as well. His plan succeeded, nevertheless, it did not stop Me from giving countless beings time and again the opportunity to take on a new form in the human beings of this earth and thus to achieve an ever higher degree of maturity even if, due to the fall of the first human couple, the gate to the kingdom of light remained closed until the arrival of Jesus Christ

The first sin had delayed but not cancelled the spiritual beings' redemption, for what the first human being had failed to do was achieved by the human being Jesus He was stronger than My adversary for He availed Himself of My strength He was and stayed in contact with Me through love and voluntarily accomplished what the first human beings did not fulfil as a commandment He completely subordinated Himself to My will and proved His devotion to Me through His suffering and death on the cross He knew of the original sin and the first human beings' repeated guilt, and in order to cancel this guilt, in order to redeem humankind, He offered to bring Me a sacrifice, which was satisfactory to Me a sacrifice, which opened the gate to the spiritual kingdom again, the path to Me, and now enables all My living beings who acknowledge Him as Son of God and Redeemer of the world to become blissfully happy once more

Amen

Who was embodied in Adam? I.

You will always be directed correctly by My spirit and mentally guided into truth. I have given you this promise and it will come to pass as soon as you want to be instructed by Me Myself through the spirit. For My spirit in you is My share, it therefore knows all that which you would like to know In the beginning only supremely perfect spirits existed, for My tireless spirit of love created them for its own happiness. This spirit of love yearned to receive the same love in return, It yearned for a like-natured being, and possessing it initiated the act of creation, insofar as that this being came forth from Me first. From then on I wanted to share with it the bliss of creating, because it is extraordinarily blissful for a perfect being to time and again create through its will and strength the same beings in all magnificence and constant urge to love, which thus resulted in creating. And My first-created being, Lucifer or the bearer of light, experienced the pleasure of creating in the same way, and it was inconceivably happy I allowed it complete freedom, for it was devoted to Me in profound and purest love, I did not limit its creative power since My strength of love constantly permeated this first-created being and because its will, too, was entirely free but nevertheless utterly concurred with Mine, because its love for Me shone brightly to the highest degree Consequently, only like-natured, supremely perfect beings were able to emerge from this bond of love beings, which were true images of Me Myself, just as the first-created spirit had been in the beginning. When the division of his will started, when Lucifer, in full possession of strength and light, began to compare himself with Me when his love occasionally lessened and a certain amount of selfish love broke through, it also occasionally lessened the bright shine of his nature and this affected the beings as well. Nevertheless, these beings had been created through his will and thus My permeation of strength, they equally still emerged in supreme perfection but now and then also started to direct their will wrongly, since it was and remained completely free in all beings which arose from our **mutual** will and strength. The beings took on the nature of their creator but since My strength of love was their fundamental substance they were also divinely natured; they were perfect because nothing imperfect can emerge from Me and My strength, however, free will is part of a perfect being and this was able to develop in every direction.

Thus it cannot be said that the beings were forced to conform to their creator's nature, because the strength from Me, which was always involved in the creative process, always guaranteed that, after the first being was created, nothing inferior would emerge from its creator's will because free will is bestowed upon every being and this required every being to experience its own test of will. And this free will resulted in the fact that the fall into the abyss also included beings which emerged from us first, whose intense light of love should never have allowed for it but who misused their free will just as Lucifer, the bearer of light himself, whose exceedingly magnificent nature should never have come to fall because he possessed brightest realisation But for this reason, his fall has to be condemned even more just like the fall of those first beings just as, the other way round, the later created beings stood firm and detached themselves from him when they were allowed to use their right of self-determination and

chose their Lord And one of those fallen original spirits was Adam, whose soul was entitled to embody itself as a human being due to its maturity but this nevertheless did not protect him from falling for a second time because once again his free will failed but not because he was too weak to make the right decision He wanted to be greater than God That was his original sin and it was the renewed sin in paradise And I wanted to create children for Myself who see their Father in Me and after whose love I longed, because My immeasurable love constantly desires reciprocation This love was the basis for My whole act of creation, the creation of all original spirits and later of earthly-material creations, because I want to attain this love one day, if only after an infinitely long time Time and again I try to make you humans understand the magnitude and profundity of My love, yet as long as you have not become love yourselves, as long as you have not shaped yourselves such that My strength of love can permeate you again as in the beginning, you will be unable to comprehend the depth of My love However, you should know that you are able to touch My heart, that I will fulfil your every wish, that I guide you into truth and bestow light upon you because I know that only light causes happiness, because light originates from love and you possess all My love, even if you are unable to feel it But time and again I will provide you with the evidence of it

Amen

Who was embodied in Adam? II.

You can come to Me in every adversity, whether you are troubled by earthly or spiritual matters, for I love you and gladly want to grant your wishes: My spirit of eternity impelled Me to create My love was greater than great, My wisdom unsurpassed and My power infinite Love, however, was strength Which wanted to become effective, Which wanted to express Itself, It wanted to create things which, in turn, gave Me an abundance of pleasure. Unable to give Itself away My love looked for a vessel to pour Itself in, that is, It created Its own vessel, since apart from Me nothing existed which could have caught My immense flow of love in order to experience its bliss. And from within Myself I externalised this vessel as a like-natured being, as My image. The fact that the **same** creative spirit and creative will was just as inherent in this being as in Me Myself was inevitable or it would not have been in My 'image'. It was actually My will that the being should feel the same bliss of the 'creative' act, and therefore countless similar natured beings came forth from our mutual strength of love of will a creative act which can only be hinted at to you humans but not explained in-depth But now you must distinguish between My living creations, which emerged from My strength and the beings will, and the first-created being, which My love alone externalised from Me This being, Lucifer, had the right to be regarded as a God-like being until it fell I had placed it by My side and merely required it to acknowledge Me Myself, that is, to acknowledge that I created it out of My strength and it would have remained the most blissful being which could have created and worked next

to Me as a true image which was entirely permeated by My strength, with the exception that due to this permeation of strength it was dependent on Me However, this would have been a dependence which the being would never have needed to feel, had it continued to share the same will and the same profound love as Mine It did not comply with My request, it refused to acknowledge Me as the source of strength and thus descended into the deepest abyss It also took many followers along beings, which our mutual love and strength and will had created. The path My first-created being takes is entirely its own choice The path of the spiritual beings he pulled down into the abyss with him is subject to My will, that is, I prepared a path for these fallen beings on which they can and will return to Me, their Creator and Origin of eternity.

Lucifer, too, would have been able to take the same path, which I, in My wisdom, recognised as being successful, however, I once created him as a completely free being and as a completely free being he has to take the path of return independently He was in My image, he was not in a state of dependence on Me, because Love would never have allowed for a lessening of strength on My part He was My image whose free will I respect, regardless of how wrongly directed it is I will not force him in any way, and I will wait until he voluntarily starts his return to Me But as yet he is far from it And if it is said: Lucifer incarnated himself in Adam, then it relates to the evil which can be found in all fallen beings His satanic spirit, thus everything opposed to God, must go through the embodiment as a human being, and thus Adam, i.e. the embodied original spirit within him with all its evil instincts and inclinations, also had to take abode in the human form in order to discard this satanic spirit, in order to completely turn to Me again, Whom he, as a human being, was certainly able to recognise as his God and Creator of eternity. Even Lucifer would have had to take the path through matter, through all creations, should a human form be available for the purpose of a continued re-transformation towards Me For his still utterly untamed spirit would have burst every form, as indeed was the case when he entered the first form in order to test it It only consisted of soft and compliant matter which would have been unable to contain My first-created being's untamed spirit whereas Adam's original spirit had already sufficiently matured so that he felt comfortable in this form up to a point and he would certainly have been able to resist the temptations Lucifer employed in order to regain the fallen brother who was fast approaching the goal. Lucifer was My adversary, and he still is and will remain so until the very last spiritual being he pulled down with him into the abyss starts on the path of return to Me Only then will he, too, change his mind and voluntarily hand himself over to Me, but it will still take eternities until this goal is reached

Amen

Was Adam the only human being created by God?

But now the question will arise in you how the whole earth came to be populated with people This is a valid question, for there were many original spirits when the first original spirit Adam embodied himself, and all of these original spirits wanted to continue their course of development and engender themselves as souls in a human being because they knew that their final return to Me could only take place in this way And I also gave human covers to those original spirits who consciously wanted to take the path across earth I created a large number of human beings, for only one thought by Me sufficed and every fully matured original spirit received its external form, and each form was physically created such that procreation would take place in accordance with My will, in order to continually provide an opportunity for incarnation to the souls which were also gradually reaching their full maturity. But I restricted the regions of the first forefathers You should understand that I allocated the prepared land to the human beings

Yet the first people Adam and Eve had to take the test of will, and as a result of their fall the whole human race became weakened. The disobedience against My divine commandment had, due to My adverse spirit Lucifer, likewise arisen in those original spirits, and the hereditary sin which consisted of changing the pure, divine love into selfish love, was repeated in these human beings too, for My adversary tempted all people, and his enticement succeeded because people still had too little knowledge of him who wanted to cause them to fall again. And people spread across the entire earth, but Adam was and remained nevertheless the founder of the human race, and people were informed of the descendants of his house and the following generations were recorded until the birth of Jesus, Who descended to earth as a result of the inherited sin in order to redeem humanity

Since Adam, after Lucifer, had been the first fallen original spirit, he was also the first to be embodied as a human being, and if he had observed My easy commandment he very quickly would have shed his external form, and all other original spirits would soon have given up their resistance as well, they unconditionally would have given themselves to Me, and their return to Me would have been guaranteed Yet his disobedience was another opposition to Me, it was a repetition of the first sin of rebellion against Me However, owing to Adam's fall Lucifer had regained power, and he used it on each generation which, being as weak as Adam, did not resist and remained weak until Jesus arrived in order to help them.

You humans should know that I populated the whole earth because many of the fully matured original spirits desired their last embodiment on earth and because every one of these original spirits was entitled to undertake the final test of will within the human being There were a large number of them, and every one had many followers, original spirits which had followed him and time and again joined him again. And for all these I chose the living conditions which suited their various inclinations, and thus, having created its human external form, I placed every original spirit appropriately, consequently reproducing himself corresponding to My will and My natural law The

procreation method was the same everywhere, which is why I always joined the original spirit with a second spirit

Thus the creative act of the first human being was repeated time and again in regions which were inaccessible for the individual human tribes, for My creation of the earth had been so comprehensive that the process of further development everywhere necessitated the original spirits to incarnate in the human being and for this I created the first prerequisites And only after a long period of time had passed did the various tribes make contact with each other Their spiritual development, however, had advanced entirely differently all depending on the degree of love within each person. But they all can be instructed by Me Myself when their resistance diminishes and My commandments are heeded again, and the human souls will come to full maturity, for the divine Redeemer Jesus Christ accomplished the act of Salvation for all human beings, and the knowledge of it can also be brought to all human beings through people or through the working of My spirit Nevertheless, Adam's direct descendants will accept this knowledge more easily and hence belong to the human generation which will find redemption while still on earth, so that the souls will be able to become free while still on earth if they accept Jesus Christ's act of Salvation Who, apart from the original sin, also took Adam's past sin upon Himself and thus purchased humanity's salvation from My adversary through His death on the cross

Amen

*Was Adam the only human being created by God?
(Continuation of no. 8236)*

You are most certainly working according to My will when you distribute the spiritual knowledge which is conveyed to you from above. For it is important to provide clarification to many more people who genuinely want to receive it Time and again I tell you that people have considerably diverted from the truth but that they hold on to their wrong thinking because even a correct clarification does not seem acceptable to them. However, it is the time of the end, and the length of time from the start of a period of Salvation until now is too long that evidence could be produced regarding the events which took place when the first human beings took possession of the earth. Yet even the first people themselves lacked a correct realisation, since they were burdened by the original sin, from which they could have liberated themselves had they passed their test of will They were spiritually still unenlightened and unaware of the correlations between the spiritual and the earthly kingdom, since due to Lucifer's temptation they changed their love when the pure spark of love from Me became clouded due to their fall into sin otherwise it would have been impossible for people to descend ever further until the human race, Adam's descendants, lost itself in unbelief, for the sin to get out of hand They didn't recognise the correlations and lived a purely earthly life. And although time and again beings of light embodied themselves on earth, too, in order to give people instructions and explain the purpose of existence to them their

thinking nevertheless remained limited, and thus limited thinking was then also reproduced, the condition for profound wisdoms didn't exist which includes My reign and activity throughout the whole of Creation. But neither did people's limited thinking allow for such clarifications relating to the broad scope of Creation, which can be noted on earth alone and which My might and wisdom, My love for all created beings always and forever animated with the apostatised spirits, which were to accomplish their return to Me on this said work of creation called Earth. And according to their narrow field of vision they also only described the narrow region which they themselves occupied And an account was given of the earthly process of development since Adam and Eve, the ancestral parents which, however, does not mean that the same happened in other places on earth, since these were still so far apart for the first human beings and partly separated by large areas of water, that every territory was a world in itself where the once fallen spirits were able to mature and embody themselves in a human being.

However, every nation has a different idea about its origin, its emergence and its concept of God. And neither does it lack teachers which descend from above, so that people also perceive their earthly task to strive towards an as yet unknown Deity, to call upon it and to endeavour to live in a good and righteous way. And as soon as they develop divine love, unselfish neighbourly love, within themselves, their thinking will also come close to the truth Yet time and again it has to be emphasised that all nations endorse different schools of thought but that the knowledge about Jesus Christ and His act of Salvation has to be taken to every single nation so that their liberation from the body can still be completed on earth. And although the various schools of thought and religions do not match each other, the teaching of love in each one will nevertheless be the decisive factor, and maturity will be attained by the one who lives up to love, and the disposition for this is indeed inherent in every nation But people will intensify and deepen their contact with each other around the world and that also means that they can all be informed of Jesus Christ and His act of Salvation, so that He can be acknowledged and the dedication to Him can follow, which then will also lead to unity with Me, to the return to Me, and that release from the physical form will be guaranteed, so that the once fallen original spirit reaches its goal and returns home again into its Father's house to be blissfully happy, as it was in the beginning

Amen

Why do we have to do penance for Adam's sin?

All your questions will come to nothing as soon as you are offered the pure truth, for this is so easy to understand as long as it is offered to you in the right way. You know that the apostasy from Me took place in a state of brightest realisation. Consequently, all beings were equally responsible for falling away from Me, they could not have been forced by the adversary's will to revolt against Me, instead the 'rejection of My strength of love' was every being's own affair Free will made them become sinful which, at the time of the apostasy, had not been subject to My adversary because they had the right of self-determination it was still able to make a free decision and thus consciously chose the adversary. But now the latter had control over his followers, and this control was taken away from him by Me by letting Creation arise in order to induce the strength which, through the apostasy, had become incapable of any kind of activity, to become active again in different ways Thus, the adversary gained nothing from his followers and was only allowed to exercise his power again once the being had regained its self-awareness in the stage as a human being. And I had to leave him this right, on account of which he was then able to tempt these beings. And so he did with all manner of cunning and trickery, he understood how to deprive the first human being of his faith in My Word again which promised them eternal life if they followed My easy commandment. In this human being, Adam, an extremely strong spirit was embodied, whose fall was easily achieved yet again by the adversary So was it not obvious that no spirit would have been able to resist him who became subject to the same artful temptations by My adversary? It is not about the fact that the descendants had to do penance for the first human beings' sin, but it is about the fact that I had the first human being resisted these temptations for love of Me would, for the sake of compassion, have done the same as Jesus, the human being, did at a later time: that He accomplished the act of atonement for the sake of love that I would have been satisfied with the strength of resistance by the one person who handed himself over to Me and should have enabled My illumination again

And for his will of love I would have written the guilt off, and the path across earth as a human being would merely have served everyone to kindle the love for Me into brightest fire. Instead, My adversary had proved his power over the first human beings and thus did not surrender the right to subsequently use his artful temptations on every person, which I cannot deny him due to the fact that the beings once voluntarily followed him into the abyss Hence you cannot say that these people will now have to do penance for the sins of their ancestors but it has always been up to each person to prove himself during the temptations and he will also receive the strength from Me to do so, for I bless this determination and will never abandon such a person to My adversary. However, the first people could have helped their descendants to have an easier life on earth, but since they failed, it was not possible to protect the latter from the adversary's temptations unless they appealed to Me for My protection and then their earthly path was indeed an easier one, which was also the case with those original spirits which were receptive to instructions from the world of light and over whom My adversary no longer had full control. Therefore,

the fact that those people always had an easier earthly path, that they did not fall prey to My opponent's enticements, that he did not keep full authority over them, is a sign that I have helped and always will help every soul which starts earthly life less burdened and whose will is already devoted to Me that I therefore do not indiscriminately give grace and strength to souls to accomplish their path of return However, time and again I have to mention that the first human beings made the whole path of return more difficult because of their failure, it would have been far easier to navigate had the strongest, once fallen spirit resisted and followed My easy commandment, had he believed more in My Words which promised him eternal life and through his resistance had broken the power, which then would have made it impossible for the adversary to use it on his followers, for this victory would have affected all fallen spiritual beings

Amen

BD 8675

Question: What would have happened had Adam not failed?

I want you to ask questions so that I can instruct you truthfully For these questions, too, are placed by Me into your heart because I know what you still need, and I want to give you enlightenment. You humans will find it impossible to understand all spiritual correlations down to the last detail as long as you are not yet so perfected that I can completely permeate you with the light of My love which then will also guarantee you brightest knowledge. Yet I can already inform you beforehand in relation to your intellectual capacity so that you need not fall prey to wrong thoughts and become receptive to misguided teachings:

The guilt of the beings' which had fallen away from Me was immeasurably huge However, it primarily consisted of the fact that they no longer wanted to acknowledge Me despite their state of light which clearly revealed their former origin to them. They sinned against Me in spite of better knowledge. Nevertheless, My love for them was so great that I made their return to Me dependent on their full acknowledgement of Myself and the admission of their guilt to have sinned against Me as their God and Father. But it always has to be emphasized that due to their apostasy My adversary had taken possession of the beings and that they were too weak to remove themselves from his power Only love could give them the strength to free themselves from him Love was the **only** means which rendered the adversary powerless, only love could conquer him Yet the beings had voluntarily renounced love, they repelled My illumination of love and thereby were completely at My adversary's mercy. I, however, gave the first human beings the opportunity to accept love from Me again I endowed them with every gift and ability, and they had dominion over the whole earth I offered them an infinite measure of love which they merely needed to reciprocate by fulfilling My not too difficult commandment By **reciprocating** My love they, in turn, would have gained a measure of strength with which they could easily have resisted My adversary and released themselves from his bondage, and by fulfilling My will they would also have

confessed their past sin they would have entered into My will again and every being, living on earth as a human being **after** them, would have done the same

And thus humanity repentantly would have returned to Me within a short time, for Adam's inherent strength as a result of his **right kind of love** would have transferred itself onto all his descendants, the complete spiritualisation of the once fallen beings would have proceeded swiftly, precisely because the first human beings would have recognised their immense original guilt and through heartfelt love for Me would soon have removed it. For a sin against love a sin against Me Myself could only be cancelled through **love** again And truly, what I bestowed upon the first human beings when they took possession of the earth should have ignited their love into a brightest blaze For I only demanded 'love' as atonement which was then because Adam and the human generation had failed shown to Me by the man Jesus to such an extent that he thereby has redeemed the immense guilt **Only love was able to atone this guilt.** And the first human beings truly could have mustered love, for their surrounding creation offered them incomparable glories which, after the agonizing state of constraint, made them blissfully happy and this beatitude could also have triggered a divine love within themselves, a love which only ever had to give thanks and praise and could have inspired their deeply felt devotion for Me

Yet for the sake of testing their will, which formerly had been misused, I also had to grant My adversary the right to fight for his followers during their earthly life. And in order to reveal to the first human beings the great danger of a repeated offence against Me I only gave them an easy commandment which they were able to fulfil and had to fulfil if their love for Me would have reached this said degree which ensured their complete devotion to Me, which totally would have deprived the adversary of his power. He, too, tried everything to bring the first human beings to fall, and thus he opposed My easy commandment with a promise which, however, because he was My adversary consisted of a lie and he impelled the human beings into a **wrong kind of love** He promised them that they would be 'like God' if they transgressed My commandment, he portrayed Me as a liar, since I had announced their **death** if they disobeyed My commandment And people believed **him**, not Me. And this was the repeated grave sin which also placed all descendants into a state of weakness so that they could no longer liberate themselves from the adversary on their own and which subsequently necessitated Jesus Christ's act of Salvation, if people should one day be delivered from utmost adversity

Time after time I emphasize that **only love** was able to atone this immense guilt, that Adam would indeed have been able to demonstrate this love to Me but that due to his fall and after his fall no being was capable any more to muster the kind of love which would guarantee the redemption of the immense original sin and that the loving act of redemption therefore had to be accomplished by Me Myself, Who manifested Himself in the human being Jesus

Thus the human being Jesus had an abundance of divine love, and in His love He suffered the sacrificial death on the cross, because no human being would have been able to return to Me without this act of Salvation, because My adversary will not release any soul and on its own it is too weak to liberate itself from him

.... And since I knew since eternity that the first human being would fail, Jesus
.... God's only begotten Son offered Himself for this act of Salvation, and He
accomplished it because His love for Me and for all wretched souls was beyond
measure

Amen

Salvation-plan of God

Primordial-sin

Adam's fall

Work of redemption

The work of redemption began with the originating of the creations in the universeit began by the amalgamating of hardened spiritual substance into shape, that is with the originating of physical shapes which where at first spiritual according to their substance, and then also held spiritual substance within, which had already traversed a certain development-stage. The spiritual that once deserted from God distanced itself so far from Him, that the power of God could no longer touch it, thus it became motionless and rigid, it hardened in itself. And in this continued existence it was in the possession of the opponent of God, and it would never have changed its consistency.

But the plan of God consisted in creating the possibility for the hardened spiritual, to reach a splendour, which will far surpass the former bliss God wanted to create children out of His creaturesbut it is an accomplishment, the creature has to achieve on its own. The created being, which was in rebellion against God and thus fell into endless depth had the opportunity to again climb up to maturity and to achieve in total free will the state of godliness but out of the deepest depths it had to be lifted, since it was no longer capable of ascending on its own, being devoid of all strength. And God was assisting the fallen by creating the creation, and by forming creations of all various kind out of the hardened spiritual substance through His will.

And thus the rescue or leading back of the spiritual to God began through these creations. An ascending to a certain degree was now secured to the fallen ones, because of the divine will and decisiveness in this plan of creation and the opponent's zero-influence upon the bound spiritual in the works of the creation. The further ascending as man would have been secured, if the first humans would have loyally lived according to the easy commandments of God and would have resisted the temptations of the opponent of Godto which the first humans, Adam and Eve, indeed had the power

But because they where allowed to use their free will and let themselves be bewitched by the opponent, by not properly applying their will they failed and now caused the work of rescue for all mankind to be much more difficult as it needed to be. Through the sin of the first human beings the humans in succession where now substantially weakened, they no longer had the power of which the former had plenty of, they bore likewise the load of this sin, and the opponent of God achieved a large accomplishment: He jeopardized the

end-destination that manthe once fallen ur-spirits could once become divine.

And therefore God brought help anewHe sent His Son unto this earth, meaning, a highest Light- being began the journey on this earth, to fulfill the conditions as a human which the first humans neglected to fulfill, on which they shattered Through it, this Man wanted to help all humans out of their condition of weakness, He wanted to make it again possible for them to become divine.

It was the Man Jesus in whom the Divine Love Itself took abodethe Father, who wanted to help His children, becoming free from the opponent and to come back to HimHe sent His Son to the earth, a being who likewise emerged out of His creative Power and who had to obtain a mortal cover in order to become only now a vessel to be filled with the eternal Spirit of God, who wanted to bring salvation to His creatures in this mortal form. But again the free will of man is presiding

For also now he must first acknowledge the Divine Redeemer Jesus Christ and accept His redeeming help, if he wants to reach the destination to merge with God, to the child-ship of God, which is a state of highest completion and blissfulness. All fallen can reach the highest heights, for the proof was brought forth through the work of redemption by the man Jesus that the will of a human can resist his opponent and mortal enemy, that the power to resistance is Love, which every human being can kindle withinand all every human needs to do is plead to the Divine Redeemer for support in order to overcome death and now to attain life, which is only found by becoming one with Godwhich also will proof freedom from the opponent who's continuous effort it is to keep all his created beings in the depth, in the condition of death that is. The significance of Salvation therefore is freedom from the one who brought death to this world; salvation means acceptance of the help of Jesus Christ, because without Him man is weak, a result of the primordial-sin and sin of his progenitors which were finally were paid off through Jesus Christ's death on the cross

*Spiritual state before the crucifixion
Book of Books*

You humans often wonder why My eternal plan of Salvation is not clearly and distinctly mentioned in the Book of Books so that all people would be able to know what forms the basis of their human existence Consequently, you doubt the revelations which inform you of this in depth However, you should bear in mind that people's spiritual state **before** My birth would not allow for such knowledge, that people would have been unable to understand it, because prior to My crucifixion My adversary still ruled supreme and he would never have allowed any light, instead the darkness constantly increased since only a few people kindled a light within them as a result of their life of love. Although they knew of a God Who had created them they lacked all deeper realisation and therefore also the knowledge of their relationship with

their God and Creator. They certainly knew that I expected them to abide by My commandments which had been imparted to them through enlightened people whom I had sent to earth for the purpose of instruction. And had they lived their life according to My commandments they would indeed have gained a small degree of realisation. But the knowledge about everything that was still hidden from them could never have been academically taught, for their intellect would have been unable to grasp it and their souls, due to their still unredeemed original sin, were not highly mature either. For this reason even the prophets were generally reluctantly listened to, because people, had they cared to heed them, would have had to limit their pleasure in life. There were only ever a few exceptions with the desire to be obedient to their God and Creator and to be of service to Him. And in individual cases they were indeed granted knowledge which they recorded but which did not remain preserved when My adversary's influence on people became increasingly stronger so that their spiritual state, shortly before My birth, was exceptionally low and therefore no longer receptive to such knowledge Then I Myself came to earth and brought a light into this extraordinary darkness But even then My light was only able to shine where My adversary was unable to assert himself, where the desire to live according to divine order motivated people to live a life of love I was able to grant a small light to them already and enlighten them about their relationship with their God and Creator.

Nevertheless, even these instructions only took place from person to person, because I knew every individual's degree of maturity and prevented that these, too, would be turned into academic knowledge, which indeed could have been passed on through tradition but which would have remained incomprehensible to anyone who had not yet ignited a light within himself through love Through My act of Salvation the original sin had been redeemed and My spirit was able to work within a human being whose kind-hearted activity allowed for it For even then I taught that love is the most important Anyone who lived up to this commandment was also instructed by My spirit and attained the knowledge he needed in order to fulfil his purpose of earthly life And this is what you need to fully mature in your soul The psychological work is paramount and everything that induces you to do carry it out will be sent to you by My spirit. And the wishes of anyone with a deep desire to penetrate more profound wisdom will indeed be granted. But since only a few people awaken their spirit to life, a traditionally-imparted knowledge would only confuse them as long as they are still spiritually unenlightened. For this reason, no such knowledge has been recorded on My instructions either, for anyone would be able to attain it if he seriously wanted to penetrate My plan of Salvation. Yet for the majority of people who live indifferently and who are satisfied with the spiritual knowledge they receive by educational means it would never be a blessing if all correlations were clearly explained, for they consist of such profound spiritual reasons which the intellect cannot grasp but presuppose an awakened spirit in order to be comprehended.

No-one who seriously strives for it is denied the right realisation, but this also necessitates compliance with My will, which is revealed to all people and which all people know because they are also told by the inner voice by the voice of conscience what they should or should not do. And since My adversary's only

intention is to spread darkness and to fight against all light he will also always influence people such that they themselves will prevent all inner enlightenment, and he will also try to present the truth in such a distorted way to people that they will lack all understanding for knowledge which deeply penetrates My plan of Creation and which requires precisely this awakened spirit That which is contained within the Book of Books is completely sufficient for the complete maturing of the human soul provided everything is being heeded Yet even this content is beyond most people's understanding for the letters will remain dead as long as they are not read with an awakened spirit And this applies to all knowledge which time and again is transmitted to earth through revelations and is pure truth This, too, will only be correctly understood and utilised by someone who is willing to love and who is spiritually awakened, and he will then be able to penetrate the deepest secrets and understand My eternal plan of Salvation

Amen

Who was Bertha Dudde?

Bertha Dudde was born on 1. April 1891, as the second oldest daughter of a painter, in Liegnitz, Silesia. She became a dressmaker and began to receive pronouncements from God through the 'Inner Word' on 15. June 1937.

"In a clear dream I was moved to write down my thoughts after devout prayer. Understandably this often gave way to doubt and inner conflicts until I was convinced that I was, myself, by no means the initiator of these exquisitely gracious words; but instead it was the spirit within me, in other words, the love of the Heavenly Father was obviously responsible for them and introduced me to the truth".

"I was given knowledge of the spiritual world which far exceeded my elementary school education. I received and receive this knowledge as a dictation in a state of complete consciousness; I write down everything I am told in shorthand, in order to then transfer it word for word to clean copy. The procedure does not take place in a state of compulsion, for example in a state of trance or ecstasy, but in an absolutely level-headed frame of mind. However, I have to want it to happen and then I can receive these dictations voluntarily; they are neither bound by time nor place.

"Now I only have one wish, which is to be able to make these gifts of grace accessible to many more people and in accordance with the will of God Himself to be allowed to do much more work in His vineyard."

(Quotations from an autobiography from 1959).

Bertha Dudde died on 18. September 1965 in Leverkusen, Germany.
