There shall be light among people

A vast spiritual region is opened up to those of you humans who allow yourselves to be instructed by Me Myself, because through My messengers and mediators I can convey the knowledge to all who merely desire it and whose life of love enabled them to understand it. This region is closed to your intellectual studies; it is and will also remain unverifiable to you humans until you are granted such bright inner light by the spirit that it is conclusive for you to have the true knowledge. And this spiritual region is inexhaustible, your God and Creator will instruct you constantly and grant you ever more profound realisation if only you would always comply with the prerequisite which is expected of you: that you make heartfelt contact with Me in prayer or through deeds of love, for the bond with Me must be present otherwise you will forever remain spiritually blind For I Myself Am the light, I Am the truth, I Am the spring from which love, light and strength profound wisdom come forth. And this flow can only pour out if the contact has been established, which you have to establish yourselves because you once discontinued it voluntarily But then a region will be opened up to you which you, as mere humans, cannot enter if this contact with Me does not exist. But then everything becomes clear to you, you recognise the spiritual correlations, you understand My reign and activity, My eternal plan of Salvation will be revealed to you and you will be able to comprehend it. You learn about spiritual happenings which form the basis of your existence as humans, you also understand the natural processes and can explain to yourselves the happenings around you, My nature will be revealed to you and many a veil will be lifted before your eyes You will also be able to examine spiritual worlds, even if you are only mentally informed of them at first until your spiritual eye opens when you have attained a specific degree of maturity which allows for spiritual vision Knowledge you are entirely lacking as humans will be bestowed upon you by My Fatherly love, which would like you to be in the same state again as you were before your apostasy from Me, when you were brightly illuminated by the light of realisation and blissfully happy You are meant to attain this state again and can indeed achieve it during your life on earth as human beings However, you must strive for it, it cannot be given to you You must make conscious contact with Me, acknowledge Me as your God and Creator, as your Father and long for My presence which will subsequently grant you the highly valuable gifts of grace, because My infinite love wants to give itself and thus also wants to once again send you the bright light of realisation, which you yourselves clouded out and finally lost entirely

Now consider the spiritual darkness humanity lives in, consider that only a few people create a sphere of light around themselves, that, in a manner of speaking, merely sparks of light flare up on earth, which certainly could be caught by every

person and which would suffice to ignite a light again in a person's heart who would like to escape the darkness. Consider how much happier people would be if only they had a small degree of realisation, which they could raise at any time. Then you, who have already kindled a light in yourselves, will understand that I favour everything which helps to **bring a light among the people** You will understand that I educate My own bearers of light whom I endow with an abundance of knowledge, whom I guide increasingly deeper into the truth, which can only originate from Me and that I instruct these bearers of light to let their light shine forth again, so that it shall penetrate the darkness which burdens the human race It is not My will that you humans leave earthly life in the same darkness as you entered it It is My will that you, in this life as a human being, desire light again and, truly, your desire will be granted, and it will make you happy on earth already when you learn to understand why you live on earth and what your actual task on earth is Only I know what darkness means for a free and blessed spirit which was created in brightest light Only I know that this spirit can only be happy again when it moves within the circuit of My emanation of love I want to draw it into this circuit of My flow of love on earth and therefore repeatedly send rays to him which should kindle a light in him that urges towards the eternal Essence of light of its own accord It means, that I first grant every person a small amount of knowledge pertaining to spiritual spheres, which the person can increase of his own will. He can constantly avail himself of the flow of My strength of love, he can gain spiritual possessions if he uses this flow of strength for acts of love whereby the love ignites an increasingly brighter light in him And light signifies knowledge, realisation, most profound wisdom but only ever pertaining to **spiritual** regions which are inaccessible to the intellect, because I Myself make a point of instructing **those** people who hand themselves over to Me and appeal to Me for spiritual enlightenment They may receive extensive knowledge and thus gradually enter the very state of realisation they enjoyed in the beginning. The darkness My adversary had imposed on them will recede, they will attain the light again by having established conscious contact with Me, the eternal Essence of light, and allowing themselves to be illuminated by Me once more as in the beginning, when they originated from Me in all perfection

Amen

Explanation regarding original spirit and apostasy

You, who want to be of service to Me during the last days before the end, have all My care and attention. For you shall still correct many errors which I disclose to you and through which I hand you the means to take action against them, which you would never be able to do without the transmission of My Word from above. I know where people's thinking is still confused, I know where opinions have taken root in them which they don't like to relinquish but which nevertheless do not correspond to truth. But I want to give light to everyone; I want to enlighten the thoughts of those who were given the task by Me to spread the truth. I can only ever give you the same explanation, namely, that you

are My once emanated beings which did not fulfil their purpose because they opposed Me. What I emanated as strength were self-aware, intelligent living creations endowed with free will thus not dead works but living ones, for My strength, which was their fundamental substance, is and will remain something alive which constantly wants to be active This strength, therefore, was given the form of beings by Me, although this had to be understood in a spiritual sense, for they were able to behold each other as most magnificent and brightly radiating living creations Each emanated being was an individual being it was externalised as an independent being and continually permeated by My strength of love They were images of Myself, they were miniatures of My own nature which were able to work independently in strength and light and were supremely perfect, since only perfection could come forth from Me. And these beings apostatised from Me, as a result of their free will they changed themselves into the opposite, they lost their perfection, became imperfect and wretched, for they rejected the divine light of love which permeated them and subsequently discarded their divinity. However, the beings continued to exist, they merely renounced love, and this was possible because as evidence of their divine origin they possessed free will which could be used in any direction and which expressed itself in opposition to God. The being had merely rejected God's strength of love, thus My continuous illumination of love, and that resulted in its fall into the abyss, because it became incapable of activity and hardened in its substance Thus the being I once created in all perfection voluntarily distanced itself from Me and moved ever closer towards the abyss

This apostasy of the spirits has been explained to you by Me time and again, and you know what the apostasy consisted of: the fact that My love was being rejected By doing so the being incapacitated itself to any kind of activity But since the being itself was My emanated strength which could not remain inactive, this strength had to take effect in different ways, and this became possible by reshaping this strength into creations which then had to be active according to My will The fallen being therefore carried out an activity of service in different shapes under the law of compulsion That which moves through the works of creation for the purpose of gradually ascending to higher spheres is **the fallen spiritual living creation which once originated from Me** It is the being I created in supreme perfection, which I externalised as My image and which, on an extremely painful and infinitely long lasting path of return, shall now reshape itself again into that which it had been at the very beginning The answer cannot be given to you more clearly when you ask what happened to the 'spirit' when the being fell Which spirit do you mean? I created spiritual beings and they fell away from Me. The soul is therefore not the 'soul of a spirit' but the soul itself is **the once-fallen original spirit** which embodies itself in the human being to reach its final state of perfection And when a non-fallen spirit embodies itself in a human being then his soul is this said **original spirit**, and not just part of it The fact that all fallen spirits are also constantly looked after throughout the entire process of return by beings of light which have completely entered My will when they had to prove themselves is time and again explained to you, for their bliss consists of being able to contribute towards the fallen beings' final return, and their overwhelming love

constantly takes care of all creatures and always provides new shells which enable the fallen beings to ascend. For love will always act according to My will, and it therefore also flows continually to an imperfect soul so that it can consciously change itself during its life on earth and become again what it had been in the beginning. And this transformation can only be accomplished by love, which the being must kindle as a human being in order to find the union with Me again, which turns it into a blessed being for all eternity

Amen

Explanation about the 'existence as a human being'

You have already been on earth for an infinitely long time, which you can truly call eternities albeit not as a self-aware original spirit, instead you cover this long path as minutely tiny particles so that you can regain the original state which was yours in the beginning. If you consider that you travelled through all creations since everything you see around yourselves, everything that is to be regarded as a work of creation, must be a spark of strength from Me, otherwise you would be unable to exist then you will also learn to look upon these creations as My once emanated spiritual beings which deliberately abandoned contact with Me but which since they are everlasting must also establish this connection with Me again one day, because it is and remains the law that My emanated strength will return to Me again. Only then will you judge the human stage correctly, in which you should establish this conscious connection with Me. And all creations around you will remind you to strive towards this final goal if you don't want to travel the path through the creations again, which you have now escaped with My help. And the fact that this is true must be believed by you, for it is conveyed to you by My spirit but cannot be proven yet only in this way can the whole of creation be explained to you, and I do so in view of the near end, in order to give you humans an explanation as to what you and the whole of creation basically are For the few who are open-minded recognise the only explanation therein, they recognise My infinite love, unsurpassed wisdom and infinite power And they don't doubt that it is true Yet far more people live in spiritual darkness and making the immense responsibility of earthly life clear to them will be a difficult task and will usually also be unsuccessful. But they will have to be prepared for a repeated process through the creations of the new earth if I don't recall them from earth before.

However, if people would for once only seriously ponder the question as to what they are, where they come from and what their actual task on earth is countless souls of light would answer this question for them, for these questions would result in one bright thought after another and the darkness would vanish. But as long as a small light is not kindled for you, so that you realise your life on earth is the final stage of a process of development after an infinitely long path of preliminary development, you will not live your life on earth conscientiously and if you don't live a life of love there is great danger that your earthly life will be a waste of time. On the other hand, if you live a life of love you need **not know** about your previous existence and will still reach your

goal, for only love is needed in order to become fully mature on earth. But since love has grown cold during the last days before the end I try to address your intellect by informing you of your long earthly progress and explain to you the slow development of all creations in a purely intellectual way in order to make you to think about what your God and Creator intends to achieve by this. I only try to encourage you to reflect on this, because then beings of light will be able to intervene and mentally answer your questions. But if there is no more love among people and if they also refuse to spend serious thought on the matter, then there is no more hope for their deliverance, then the law will inevitably come into force which determines your renewed banishment into matter again. Yet My struggle for the souls will not slow down until the end And I will send My flow of grace wherever the possibility for a change of will still exists in order to increase the number of those who recognise themselves as having originated from Me, who want to return to Me again, who will enter the kingdom of light and have attained their purpose in life who are and will remain My Own forever

Amen

The significance of life on earth as a human being

Your life as a human being is the last stage in the development of the once fallen entity which is personified as the 'soul' within you and which, still enclosed in a physical external shape, can now overcome it and leave this form to enter the spiritual kingdom as a spiritual being. During this earthly existence the last transformation into the original entity can take place again if free will is used correctly, that is, if it consciously strives to return to Me again, Whom it had once left voluntarily And this transformation is certainly possible because the human being receives a multitude of blessings and with the right use of these blessings has enough strength available to cast off all impurities and to live wholly within the divine order; that is, to live a life of love through which he can spiritualise soul and body and thus the return to Me is accomplished However, the human being can also disregard all the blessings at his disposal and instead of ascending he can return into the abyss; this cannot be prevented because he has free will as a sign of his divine origin But then he places himself once again into the dreadful fate of bondage and it will take an infinitely long time until he finally can be released again

You do not want to believe how significant earthly existence is for you human beings and are therefore half-hearted in accomplishing your task on earth. But it concerns your own destiny, you yourselves have to bear the consequences, and the fate you prepare for yourselves cannot be taken away from you. You can choose between everlasting happiness and an infinitely long state of torment and you are doing little to acquire the first; instead you rather follow your earthly path indifferently And if fellow human beings, who know of the great significance of earthly life, draw your attention to this you listen with disbelief and remain unimpressed but believe them to be fantasists instead of thinking about the reasons for your earthly existence yourselves Yet time

and again you will be confronted with events which could cause you to think Time and again your thoughts are pushed into that direction by means of conversations, the reading of books and your own experiences so that you should become mentally active and ask questions which concern you and your earthly existence.

If only you would believe that human earthly life is a most significant gift of grace which, if you make right use of it, can lead to unimaginable happiness if only you would believe that there is meaning and purpose to your earthly life, that you are not 'chance life forms' who are not responsible for their earthly progress and cease to exist when the body dies It is the soul the original spirit which once had fallen away who should achieve its final release from all physical external form and human earthly life is the last phase of an endless long process of development

You humans are self-aware and you are only 'self-aware' because your outer cover incorporates an original spirit who once came forth from Me as a self-aware entity Thus, not your body nor your intelligence triggers your consciousness of self but your soul, which is your real life and which ultimately turns the human being into a self-aware being. Without this soul the human being is only a physical outer shape without life, even when all internal organs are present they cannot function without this soul The 'life' of this outer shape depends on that soul an original spirit who enlivens the body and enables it to function in all manners

You humans should always keep in mind that you live on earth for a specific purpose and should try to find this cause and purpose, then you will also receive explanations in the form of thoughts, which I Myself will send to you in order that you may come to understand it. And thus I will send you My messengers again and again and through these try to make you think, and it will certainly be a blessing for you if you don't walk through life in ignorance but also use the gift of intelligence. This can result in the right attitude towards your God and Creator and with this you will also find the right knowledge Because I truly care that every single human being should use the short time of grace as a human being in the right way and reach his final destination that his soul will return to Me again from Whom it once had come forth as created spirit

Amen

The soul's realisation what it once had been

I only ever want you to think about the fact that you are of divine origin and that you therefore should regard yourselves as sparks which were emanated by Me Myself, which will eternally remain that which they had been divine living creations of the same fundamental substance as I Am, even if they changed their own nature and turned into beings who deprived themselves of all divine characteristics. However, this state will not go on forever but will also change again, so that their fundamental nature will surface so that they will create and work like Me in all perfection again, so that they will develop into My image again and remain that way forever. If you consider the fact that I Myself Am your origin that the highest and most perfect Being created you through its love, then you should tremble and have no other desire but to become again what you were in the beginning And your subsequently recognised imperfection and weakness should make you feel profoundly humble and motivate you into sincerely praying to Me for help to become the same again so that you will be able to join Me And truly, you will receive an abundance of blessings, for this resolve will open your heart to Me and I will be able to permeate it with My strength of love, which will enable you to change yourselves and to adopt your fundamental nature once more. You should only ever remember that you came forth from Me Myself that you are and will remain My Own, because I never relinquish that which belongs to Me Even if it voluntarily turned away from Me and remains opposed to Me you are and remain My strength of love which once flowed forth from Me and which will irrevocably flow back to Me again one day, because this is the law of eternity Nevertheless, your own realisation of your origin would shorten your path of return, for once you recognise yourselves as divine living creations you will have taken the first step of coming back to Me, for in the past you did not want to acknowledge Me as your God and Creator, and that was your downfall.

It was pride which made you assume that you can do without My flow of strength and which therefore caused your state of unhappiness If, in earthly life, you are aware of your divine origin then you will also know that only in association with Me can you receive strength and light again, that you can only regain your divine characteristics through being illuminated by My light of love and that it is not impossible to re-enter your original state, that you can truly become as gods, as you were intended to be in the very beginning. If, however, you only look upon yourselves as people living on earth without a purpose and goal, as creatures which, like other creations, populate the world and are transient, then you are spiritually utterly unenlightened and the path of your final return to your starting point, to your God and Father of eternity, will still be infinitely long, then you will not recognise any meaning or purpose of earthly life, you will only be earthly-minded and you manifest this completely wrong nature yourselves through your wrong attitude towards Me, your God and Creator. Recognise only yourselves and ask yourselves every so often what might form the basis of your human existence Think about what you are and where you came from Don't consider yourselves so inferior that you will vanish again into nothingness when your body dies For then you will even deem yourselves less than an animal which is **unable to think**, since you don't

use the intellect given to you. And your free will and your intellect alone should be proof to you of a Power Which created you and Whose creations testify to supreme wisdom And this Power will truly not externalise from Itself something that is imperfect but beings of utmost perfection; yet you humans are not aware of the fact that you are these beings which fell away from Me, and therefore I keep informing you of this apostasy and My loving care to encourage your voluntary return And therefore I only try to stimulate you to think about yourselves, as to what you are and why you live on earth. You should consider what a wonderful work of creation you are, how intricately your body is structured and how supremely wisely its functions are arranged; by this alone you would have to recognise that you are of divine origin, that your Creator must be a supremely perfect Being Who externalised living beings from within Himself with the ability to think and want and which therefore must be destined to be something else than to just live as a human being on earth and to comply with earthly demands only to cease to exist again afterwards And if only it made you realise that your life on earth must have meaning and purpose, then you would make an effort to discover it, so therefore your ascent would also be assured, for then you would live responsibly and one divine characteristic after another would emerge in you again, because your fundamental substance is divine strength which strives to manifest itself In that case you will also look for unity with Me and thus offer Me the opportunity to illuminate you with My strength of love once more, and then you will be that again which you were in the beginning

Amen

The human being is not a product of coincidence by a Creative Power

The human being with all his vices, flaws and afflictions is easily inclined to believe that he was created like this by God, if he believes at all to have originated from Him. Yet this Creator would have to be denied all love and wisdom which motivated Him to create humans (beings); for in this case every person would merely be the product of a Being which is imperfect itself, which created the human being (the being) as a whim but which cannot be accredited with supreme perfection. Someone who is able to entertain such thoughts at any time is utterly unenlightened; he has formed a completely wrong concept of his Creator, for the existence as a 'human being' is only the stage of an infinitely long process of development but, at the same time, it is the most important stage, for during this time the being has to make its final decision of will in order to achieve its original state again in which it was once created You all need to know that your origin from the supremely perfect Being had likewise been a state of supreme perfection and that the state you are in **now** was created by yourselves, which was therefore **not** the work of your Creator of eternity You all need to know that it is only an intermediate state which you caused yourselves as a result of reversing your will but which you can change again into your original state if your will is likewise prepared to change. And therefore you have to fight against all your vices and flaws, you must try to change

yourselves and create a state in which you transform all your flaws into virtues, in which your God-opposing relationship undergoes a change which will bring you close to Him and you approach the original state once more in which you once emerged from Him. You cannot look upon your human existence as a concluded life, you must always know that there was a 'before' and that there will also be an 'after' but that you, during your life as a human being, must make a decision as to whether you want to be free from every form or whether you want to fall back again into a stage which you had already overcome a long time ago.

But don't believe that you are a product of coincidence by a Creative Power Which arbitrarily externalised beings from within Itself which are more or less tainted by various flaws and vices believe that this Creative Power has to be accredited with love and wisdom of highest perfection and that It created you for a purpose to radiate Itself, that is, Its love, into Its created beings which, however, was prevented by these beings themselves thus, they rejected this love and thereby changed into the opposite into the beings which you are now as humans yet always with the goal to achieve your past nature again. And thus you should consider your time on earth merely as a passageway, consider it as a divinely planned designated return into your actual state, since you emerged in supreme perfection from the Creative Power. And you should know that you must make every effort during your earthly life in order to fight against all bad habits which prevent you from entering into unity again with your Creator of eternity, Who wants to be your Father, but that you will be infinitely happy if you succeed in changing, if you allow this change into love and by doing so may take possession of your Father's ray of love again, Who bestows this bliss upon you. For this is your only goal, to once again become what you were in the beginning supremely perfect beings, as they were when they came forth from God

Amen

Particles of soul

Process of development on earth and in the beyond

Matter is judged spiritual substance which, in turn, shelters spiritual substance within itself that travels the path of development according to God's eternal plan of Salvation. This spiritual substance, which is detained by the material external form, always joins up with similar substances on its path of development and can be described as particles of soul which animate the individual works of creation again. Every work of creation, be it solid matter or the plant and animal world, contains such particles of soul which seek to unite with others as a whole in a new external form which more and more resembles the form of a human being. An infinitely long period of time goes by until, after passing through the course of the entire creation, all particles of soul have found each other again in order to then enter an external form as a human soul, which is given a specific task in order to gain complete freedom from any kind of outer cover. Thus, the human body is the soul's surrounding outer cover whose task it is to

help its indwelling soul reach maturity. The maturing process takes place in a way that the human being of his own free will, which is the sign of his divine origin, endeavours to guide all soul substances into God's right order i.e., by creating a God-pleasing basis for all characteristics of the untold tiny souls, hence by directing all instincts towards God. All cravings which are adverse to God must be changed into God-inclined emotions, which is the conscious work of improving the soul expected to be carried out by the human being during his earthly life.

In practice, this means that everything which still adheres to the soul from former embodiments has to be discarded, hence, animal instincts have to be overcome, just as the desire for matter has to be stifled, because all instincts came from the preliminary development and still cling to the soul as traits of the earlier stages of development. All inclinations from past embodiments must be discarded if higher development is to be successful, and everything that points to progressive development should be endeavoured towards spiritually-divine attributes such as humility, meekness, patience and compassion, peacefulness and righteousness For all these qualities originate from love, which should be developed into highest perfection during earthly life. Thereby a very clear guideline was given for the human being's task on earth, God's will is revealed to people through His Word The soul is, to a certain extent, still disordered spiritual essence which should be guided into back into order, however, it can make its own decision because it lives in the state of free will. It certainly is able to return to order but is not forced to do so. But as soon as it has put itself in order the spirit of God will have access, which cannot penetrate a chaos of instincts and disorderly substances, or rather, it may not interfere by bringing order if the will is missing. Order will be established when the most prominent individual attributes, which characterise a prior embodiment, are reversed into the opposite, since all souls are imperfect at the start of their development and becoming-perfect is the purpose and goal of their embodiment. Thus, recognisable characteristics from past embodiments can never be in harmony with divine order, but they must be changed into the opposite until only love, kindness, humility, meekness, righteousness and compassion are the human being's nature and indicate his aspired perfection, until the divine order is recognisable and the human being's soul has reached its goal and can leave its outer shell in order to strive as a spiritual being towards ascent in possession of light and strength, which further its progress in the beyond surprisingly fast

My spirit is constantly at work in order to guide you into truth, but you must also allow yourselves to be guided without resistance, that is, you should not use your already acquired knowledge as a foundation which My revelations should fit in with, but you must hear My revelations first and then compare them with your knowledge. If they concur then they will also complement each other, then this prior knowledge of yours will have flowed to you from a spiritual source and serves the same purpose of guiding you into truth And so continue: The higher development of individual souls in the kingdom of the beyond differs. Every soul effectively has other tendencies, other abilities at its disposal tending either upwards or downwards, which have to be developed or fought against and this is always the result of **realisation**, because as long as the soul does

not recognise its state it will be unable to muster the will for change. For this reason it must already have been touched by a small ray of light so as to reach this realisation on account of which intercession for souls in the beyond is so tremendously important so that they will receive a ray of realisation, only then will they actively strive to ascend. A soul which already achieved a degree of realisation on earth, which thus tackles its work of improving itself on earth already, is surrounded by so many beings of light in the spiritual kingdom that it will always find help and quickly attain higher maturity. Hence it is particularly important that a soul gains realisation on earth, thus knows its earthly task and its own still inadequate state. For realisation is a big step towards perfection and allows it to rapidly move through the regions of the spiritual kingdom, whereas a soul lacking realisation often remains an incredibly long time below, because it is imperative that it must have the basic knowledge which it will reject for a long time before it is willing to be taught.

And this state of ignorance is extremely painful and can only be remedied by loving intercession. Even these souls are supported by beings of light, yet they remain close to them in disguise and cannot successfully influence them because the soul's free will has to be maintained. However, despite realising its own inadequacies, despite knowing its faults, weaknesses and cravings, the soul is unable to advance without help. And this help is Jesus Christ, on earth as well as in the spiritual kingdom If He is called upon with the serious will to ascend, success can be expected with certainty He helps where personal strength does not suffice, He not only forgives the sins of the person who appeals to Him for forgiveness, He is also the Provider of strength in the battle as a conqueror No being is able to lift itself out of the abyss without His strength, for an imperfect being is and will remain weak precisely because of its imperfection. Only the bond with Jesus Christ imparts it with strength and makes its struggle for perfection easier and also successful. Anyone who does not come to Jesus Christ on earth **must** rush to Him in the beyond, or he will forever remain below And, again, this has to be understood such that every soul **must come to love** For Jesus Christ is the embodied love. Thus love is the redeeming strength, love also acknowledges Jesus Christ, love has to be practised on earth in order to ensure a flight of ascent in the beyond. But it also has to be the driving force in the beyond, otherwise the soul would never be able to achieve a higher degree of maturity. And therefore love is the only means to discard all weaknesses and faults, for anyone who has love recognises himself and consciously strives towards perfection, because he longs for the One Who is love Itself, and this One will always help him, because love strives towards love and the union in love is eternal bliss

Amen

Process of return

Nothing can be lost forever once it has arisen from Me and My strength It continues to exist because it is everlasting and will infallibly return to Me as the eternal source of strength, because this is based on My law of eternal order. However, the being which came forth from Me as a perfect and divine being was also able to voluntarily reverse its nature into the opposite, it was able to relinquish its perfection and shape itself into an anti-divine being And so it did and was not stopped by Me because I pursued a plan, because I had a goal in mind for all 'created' beings: that they would become My 'children' which I was unable to 'create', instead, they had to shape **themselves** into it of their own free will Thus I did not prevent their apostasy from Me but prepared a process of return for all once fallen beings: I reshaped the **strength** I once emanated as a **being** into all kinds of works of creation I dissolved the beings into countless minute particles, which animated the works of creation and thus the strength became active again according to My will that is, every work of creation had to fulfil its designated task as a matter of natural law, for I created nothing without reason and purpose Each work of creation had its function and thus My love and wisdom and might created an earthly world which sheltered all these fallen tiny particles of soul which gradually increased in maturity because they were intended to one day come together again as individual beings, and this is because they were intended to embody themselves in a human being as the once fallen original spirit in order to pass the final test of will: to voluntarily turn to Me again, just as it had once voluntarily turned away from Me And this infinitely long path of higher development signifies a path of service for the tiny particles dissolved from the original being in contrast to the fall, which was based on the being's arrogance and thirst for power The return can only take place by way of constant service which, admittedly, happens in the state of compulsion until sooner or later, in the state of a human being, the being shall **voluntarily be of service**, driven by love which then will guarantee its certain perfection on this earth. The path the once fallen being has to take until it can make its final decision in the state of free will as a human being is infinitely long This path is so excruciatingly painful that his past memory has been taken away from the human being because he should make a free decision and the knowledge of the agony and suffering in the bound state would enslave his freedom of wanting and thinking as a human being For fear would impel him into making the right decision, but this would be utterly worthless for the soul and its perfection

The human being should freely want to be of service for the sake of love and attaining maturity himself, this is why he lives on earth For the human being is the once fallen original spirit to whom My infinite love opens up all possibilities in order to become again what he had been in the beginning: a supremely perfect being but which has attained perfection of its own free will which I was unable to give to the being and thereby the 'created work' has become My image, My 'child' This is the goal had I set Myself from the start, which required an infinitely long path of development and which is to be understood as 'My eternal plan of Salvation' And now you humans know that you are these fallen spirits and have almost reached the goal of voluntarily

uniting yourselves with Me which, in turn, means that you should change yourselves into love in order to be able to unite with Me, the eternal Love Now you know that your existence did not simply start as a human being but that you already existed for a very long time You know that you did not originate from Me in the state that cannot be called perfect, for as humans you have weaknesses and faults, you are not perfect creatures and therefore cannot have come forth from Me in **this state**, since I can only create something perfect And this knowledge should make you think and also lead to the realisation that your earthly life must have a purpose: to achieve the perfection again which was yours in the very beginning and which you voluntarily gave up Thus you also know your task which consists of changing into love, which is your fundamental element, for you are the same as I Am in your fundamental substance Admittedly, as a human being you are still far removed from perfection, nevertheless, you are and remain divine living creations which can never cease to exist anymore and whose perfection I will take care of time and again, who I will never let fall and who one day will very certainly reach the final goal of being and remaining intimately united with Me for all eternity The fact that you know little about it is only due to your weak degree of love, otherwise you would be fully enlightened and also close to perfection. Nevertheless, the knowledge of it is given to you by My side as long as you are merely willing to accept it as long as you merely desire to know the correlations concerning you, your God and Creator of eternity and the whole of Creation Then you really will be instructed in all truthfulness and also consciously travel your path on earth with the goal of final union with Me You will attain perfection and a life in beatitude which will last forever

Stage of self-awareness

You humans are conscious of your Self And this is the indication that you are intelligent beings, i.e., that you are able to think and are therefore beings who came forth from God, created in His image and therefore also aware of yourselves. But from this time until your present life on earth you spent an infinitely long time deprived of your self-awareness, a time, when you indeed also animated the works of creations as something spiritually tangible but this spiritual substance was not conscious of itself because it only ever passed through these works of creation as a small component of a once self-aware being. Only after all the small parts had come together again the being embodied itself as a human being and then also entered the stage of self-awareness once again, in which it now has to accomplish a task.

Hence, as a human being it carries a certain amount of responsibility for its development because it is intellectually capable of recognising the pros and cons of everyday life, thus it is able to assess the effects of its conduct on the human being's real Self the soul. As long as the being was not aware of itself during the preliminary stages it did not have to shoulder responsibility either, and it was subject to the law of compulsion it implemented what God's

will had assigned it to do. It behaved according to instinct, i.e. it was guided by spiritual intelligences which influenced the spiritual substance within the works of creation such that it performed the activity it was destined to do.

This, however, is different in the stage of a human being when it has self-determination, when it thinks and acts, when, as a self-aware being, it has complete freedom of thought, will and action And now it should consciously think, want and behave in accordance with God's will, it is no longer determined by God's will but its own will should decide and always in view of self-awareness, for the human being perceives himself as the determining factor, he is aware of himself He is no longer subject to unknown influence but chooses the direction of his will according to his own liking, and he also knows that he will have to be answerable to how he directs it.

This differentiates the human being from the animal, which is already far advanced in its development but which, until its final incarnation as a human being, will always remain a being that is subject to the law of compulsion and incapable of self-determination, irrespective of how intelligent it appears to be. It has not yet regained its self-awareness and therefore not reached the final stage of embodiment either. But it will reach the final stage, for every soul will sooner or later accept its path of earthly life when it embodies itself as a human being and is conscious of its ego.

But the fact that the human being is a self-aware being should also make him conclude that his Creator and Designer, his God of eternity, cannot be an intangible spirit but that He, as the supremely perfect Being, is equally intelligent and has free will otherwise living creations which demonstrate such evidence of divinity could not have emerged from Him. For from the human being the created it is also possible to infer to God, the Creator. The highest Being has to be self-aware too, just like the human being is self-aware, only to the highest perfection, because the human being is still undeniably an imperfect being. But, despite his imperfection, he has self-awareness and only this renders the human being a divine being, which was created in His image and shall become as perfect again as it once was when it had come forth from God.

'Consciousness of Self' is the greatest miracle of the work of creation 'Man' People should consider the fact that they would live an empty life without this self-awareness, which gives every person his personal hallmark in the first place: to recognise himself as an intelligent being and to be able to make his own free decisions, because the human being is able to think about himself and integrate into the framework of creation in awareness of his ego in awareness of determining for himself what his 'ego' wants Self-awareness is an obvious mark of Divinity, for it is a sign of belonging to a kindred Being Which brought him into being even if the being as a person is a mere distortion of what God once created but he received his self-awareness and therefore is also able to shape himself again into the original being he was in the beginning. In the stage as a human being in the stage of self-awareness the being is able to achieve whatever it wants, even if God now and then restricts its opportunity of implementation, but it is capable of planning and thinking, always being its own starting point, always experiencing itself in the centre of all happening because it knows it exists and will not lose this consciousness again either. For

this reason, however, it will also be held to account one day in regards to how it dealt in earthly life with the great blessing of knowing that it is a self-aware being which was designed by a Creator in order to be able to recognise itself and to voluntarily establish the right kind of relationship with its Creator

The faculty of thought belongs to self-awareness and only this can yield the right kind of fruit, but free will always has to be active too, which equally belongs to a divine living creation And this free will has to utilise all divine gifts properly, then the being will take the right path during its earthly life as a human being which will, without fail, lead to a retransformation and it will return into its Father's house in all perfection, just as it once had come forth from there

Explanation of matter and its task

All matter is solidified spirit And thus the whole earthly-material world consists of My once emanated spiritual strength which initially did not fulfil its purpose since it was not forced to do so but which, according to eternal law, should become active and therefore was reshaped into manifold kinds of creation whose function was subject to natural law and had to be fulfilled in the law of compulsion. Through its lawful completion of activity the spiritual substance acquires a continually higher degree of development, and thus creation is fundamentally spiritual substance in the most varied degrees of development The development proceeds from the hardest rock, as plant or animal up to the human being and is guaranteed by the constantly serving function of every single work of creation. Time after time matter will be dissolved again, that is, the spiritual substance constantly changes its external form and receives another, more advanced form and thus gradually matures until the last stage, when it may embody itself as a human being in order to release itself, again by means of useful activity, from the final form on this earth.

Physical shells or external forms will always shelter more mature spiritual substances within themselves and serve them to mature The shells themselves will always be dissolved again, and the spiritual substances within will likewise unite with equally mature substances and accept their next forms until all the strength, which was originally emanated as a 'being', has gathered again and exists in its original composition again yet devoid of all love, which it once no longer wanted to accept from Me. This love is then added by Me as a gift of grace in the form of a tiny spark to the original spirit who then walks across earth as the human being's soul, and then he will be able to attain perfection again, he will be able to become as perfect again as he was when he first originated from Me, and then the ultimate goal I had in mind when I created the beings will have been achieved

But it takes an infinitely long time for the former being to travel the path through the creations of earth, for what is visible to you as matter needed long periods of time for its transformation already, since the initially hard matter, the world of rocks, does not easily let go of the spiritual substances. If lawful natural influences did not cause a dissolution of the hard external shape it could take

eternities until a slight loosening occurs, until the world of rocks shows a small flicker of life in so far as that it changes within itself or falls apart and releases the constrained spiritual substance, which will then be bound again in a lighter form. And thus the form will be ever easier to dissolve, and all works of creation provide the spiritual substances with the opportunity to mature in them thereby gradually bringing this initially completely hardened, lifeless spirit to life The succession of external shapes proceeds ever more rapidly, and a continuous cycle of life and death, of development and disintegration can be observed throughout creation Yet the spirit's process of development takes an infinitely long time which comes to an end as a human being on earth. The fact that every external form is spiritual substance at the beginning of its development, and the fact that every external form, in turn, shelters spiritual substances within itself which have already acquired a higher degree of maturity and are meant to mature further within the form, has to be kept apart And thus the external shell need never be rated as highly as the spiritual substance that shelters within it, the dissolution of the external form will always be an act of liberation for the captive spirit therein and simultaneously signify a degree of higher development for the matter which, as external form, envelopes the substances of soul. These covers still need a long time until they, too, complete their final earthly progress as part of a soul. Yet the more willingly such a shell carries out its 'service' the faster it will progress, but always within lawful order. And thus, even the final external cover the human body has a very significant task, the fulfilment of which can also enable the body's own intrinsic spiritual substances to rapidly progress in their development if the body totally complies with the soul's demands it can thus also be spiritualised during its earthly life, which could mean a shortened earthly progress for a fallen original spirit, whose body's exceptional service and suffering contributes towards the original spirit's return to Me, when he travels the path across earth as a human being and no longer needs to fear a new descent into the abyss because these already matured substances assure him certain completion The knowledge of this can motivate you to **fully consciously** strive for the body's spiritualisation during its earthly life and thus lead a way of life which completely corresponds to the commandments of love, for love is the way which leads to complete spiritualisation of the body

*Spiritualisation of soul and body
What is the physical body?*

I will answer your every question in a way that it is comprehensible to you, even if you are as yet incapable of understanding the most profound correlations because of your low maturity of soul. Nevertheless you will not be left in the dark about problems which occupy you and you are unable to solve yourselves. And you shall be enlightened as soon as you desire light: The reconstruction of the human soul happened in the same way as the disintegration of the being took place after its apostasy from Me, after the solidification of its substance The individual tiny particles, having gone through the works of creation for the

purpose of maturing, were gathered again, the mineral, plant and animal world released all particles belonging to a fallen being again and these united in the end and now constitute the human soul Hence this soul is the once fallen original spirit which shall return to Me, to its origin, when it passes the final test of will in earthly life, which necessitates its free will This soul embodies itself in a cover of flesh, in a material body, and this consists again of countless spiritual substances which are still at the beginning of their higher development For all matter is spiritual substance at the start of its development, which already shelters more mature spirits within which must be of service and thereby mature fully Matter itself has a far longer path ahead of itself until it, too, can embody itself as a 'soul' Yet the time every spiritual substance takes to travel the path can differ considerably Spiritual substance **within** matter can mature faster, but matter itself can also be dissolved quicker if it complies with its serving function without resistance if the resistance of the bound spirit within matter subsides quickly and it is helpful This is the case if it is in surroundings where there is a recognisable and conscious striving towards Me, which has a beneficial effect on all spiritual substance and also shortens its path of development because it is often permitted to be of service.

Understand it like this: Where an inclination for matter still exists, where no spiritual striving is noticeable, that is where matter is being hoarded, it is given little opportunity to serve and this extends the state of constraint in this material item just as it can be considerably shortened if the human being does not strive to increase his earthly possessions and thus constantly gives the few material possessions he owns the opportunity to be of service Then the human being himself, through his attitude towards Me and matter, contributes towards a faster dissolution of the latter and the bound spiritual substance therein will be able to change its external form far more often and faster and also reach the stage when all particles have come together again sooner and the embodiment as a human soul can take place. Even the soul's earthly-physical cover is still consolidated matter whose substance belongs to a once-fallen original spirit which likewise shall pass the final test of will as a soul on earth one day If, during earthly life, a person succeeds in spiritualising his body of flesh simultaneously with his soul which, admittedly, only happens rarely but is nevertheless possible then its spiritual substances will join the soul and attain a certain state of spiritual maturity, so that the beings of light, which take care of the fallen spirits, will also influence the spiritual substance bound within the form such that it will quickly reach full maturity, because a soul which achieves such a spiritualisation together with the body, emanates extraordinary strength on all substances of a soul which still has to go through the process of development Thus the soul takes its spiritual body along into the spiritual kingdom and emanates these spiritualised substances again as strength to the original being they belong to, and this being will travel its process of development in a far shorter time, because the fully mature spirit will also prevent a relapse when the soul lives on earth as a human being For the body's substances have been **redeemed** by its indwelling soul and can never experience a relapse again Instead, they will also exert influence on the soul in the form of strength and drive the latter into increased spiritual striving this is why the human being should consider it a very great task to spiritualise

his body as well why the human being should do everything in order to achieve this spiritualisation by not only helping his own soul but also the soul whose substances served him as a material cover during his life on earth

Earthly matter will fade away when the hour of death has come A spiritualised body, however, joins the soul and flows again as strength to **that** original spirit to which it belongs, so that the latter will noticeably feel the help and, while in the human stage, can never fall back into the abyss because the already spiritualised substances prevent it from doing so Through physical suffering and pain you can still help many of its still immature substances to mature fully You can still make small sacrifices of atonement for these spiritual beings if you, in a conscious state, humbly bear the suffering which is indeed caused by the body's immature substances but which, through your love for everything that is still unredeemed and your willingness to help, contributes towards the body's spiritualisation. Then you will not only attain your own soul's maturity but you will also help another original spirit to mature faster if you redeem everything unspiritual in you, which still belongs to My adversary, through your love and your will to help wherever it is possible If this redemption does not take place the body will go its natural course by dissolving and decaying and serving the untold number of tiniest living organisms again to grow and then its path will be much longer, but even these substances will gather again one day and the final embodiment in a form on this earth will take place. Always remember that matter is spiritual substance at the beginning of its development which already shelters more matured spirit within itself, in order to enable the latter to be of service, by means of which everything spiritual ascends.

You must differentiate between body and soul, and then it will be easier for you to understand the purpose and reason of physical suffering and pain and why Jesus' path to the cross is presented to you humans, Whom you should follow For He carried the sins for you humans, His soul was entirely without sin and yet He suffered indescribably And if you suffer, then consider that you, too, should be willing to make a sacrifice for **that** spiritual substance which serves you as an **external** form so that you will attain perfection You can also considerably shorten its path of suffering, and your love should induce you to provide redeeming help for everything that has become sinful

Amen

Resurrection

Decomposition of the flesh

Everyone of you living on earth will physically die, but your soul will either arise into life or remain dead, if it did not strive for life on earth. Thus, resurrection is assured to all of you who desire to live For those who do **not** believe in the resurrection do not **desire** life for their soul either, instead, only the life of their physical body is possibly desirable for them, which they seek to prolong as far as they are able to do so. But they will die and remain dead for an infinitely long time to come, even though one day resurrection will be assured to them too However, anyone who seeks and strives towards attaining life for his soul

can also be certain that it will rise from the dead after the death of the body, for Jesus Christ provided the evidence for this, Who arose from the dead on the third day, Who had conquered death and the one who had brought death into the world. Admittedly, His resurrection is being doubted by believers and unbelievers, for even the believers are unable to grasp this greatest of miracles and are often inclined to harbour quiet doubts as long as they merely 'believe' but have not yet brought this faith alive properly. But as soon as My spirit can work in the human being these doubts will be clarified and Jesus' resurrection will be the clear evidence of his own resurrection for him, he will know that he will not die but only enter from this life into the kingdom of the beyond, where he will live forever.

The resurrection of Jesus Christ is a constantly disputed problem amongst people, for on the one hand they want to doubt it, on the other hand they want to deduce from it a resurrection of 'the flesh' because they believe that Jesus also arose in the flesh on the third day They don't yet realise that Jesus only made Himself visible to people in order to help them to believe, but that they only ever saw his **spiritual** body which presented itself to them visibly. All the substances of his physical body had spiritualised themselves through His crucifixion, and thus the 'man' Jesus had put on a spiritual garment when He visibly approached His disciples And you, too, will put on this spiritual garment at your resurrection into life The physical body stays behind and its substances continue the path of higher development; hence the body of flesh decomposes and its substances animate other forms again which are still at the beginning of their development Thus they will never enclose the soul again, they will never be the shell for the soul again and be resurrected with it at the same time And yet the soul will arise from the dead if it has fulfilled My will on earth, if it strives to enter the life I promised it when I lived on earth as Jesus, the human being. A resurrection is assured to **all** of you, yet you determine the time yourselves. However, you must gain the right understanding of a 'resurrection of the flesh', for the works of your flesh will certainly be judged and according to these will be your resurrection either to life or, if your works give evidence against you, to death, the banishment into hard matter. And this is once again an infinitely long lasting state of helplessness and darkness, a state of death which, however, you aspired to on earth yourselves because you lacked the faith that you are destined for life and not death, which you caused yourselves For this reason I arose from the dead in order to provide you humans with this evidence And yet, you can only believe it again if you, through a life of love, awaken your spirit which will subsequently explain and instruct you about everything, and then you will also be able to believe with conviction what cannot be proven to you. Strive towards life and you will never ever need to fear death, you will live forever in strength and light and freedom

....

Amen

Composition of the soul
Miniature creation

The human being's soul is a formation consisting of inconceivably numerous miniature creations. It is effectively a composition of creations which were its past embodiments, so that it can be called the whole work of God's creation Who demonstrated His infinite love, wisdom and omnipotence in the human soul. The human being has no idea that he shelters the entire creation in his soul, but when, after the death of his body, he is able to behold himself in the spiritual kingdom he will look with utmost reverence and love for God upon the works of wonder he finds within himself again. The soul substance of every embodiment during this process of development is gathered, and thus the individual substances of the human soul have moved through the whole of creation and now exhibit an incredible versatility. Only then will it become obvious how magnificent God's works of creation are, and His greatness, His love, wisdom and omnipotence will emerge so distinctly that all living creations remain poised in reverence and love for God Who provides such immeasurable happiness to His living creations through becoming aware of His strength and the realization of Himself. However, the soul requires a certain degree of maturity as to be able to behold itself, this is why it is one of the beatitudes belonging to those in the kingdom of light. Beholding the soul is part of Jesus' promise 'eye has not seen, nor ear heard, the things which I have prepared for those who love Me ...' Hence the soul can examine all areas, it can behold what it has never seen before, but which is undeniably present in creation, and it is aware of the fact that these wonders will never end, that constantly new formations emerge and yet it will never tire of beholding these creations, instead it will want to see increasingly more and thus also become increasingly happier. The soul is something imperceptible for human senses and therefore cannot be understood either. For the person on earth it is something spiritual, in the spiritual kingdom, however, it is the essence, it is that which animates the spiritual creations, it is the true living being in the spiritual kingdom because it is permeated by the strength of God. And thus it finds within itself every thought of God again which He shaped into a form through His strength of will. Every work of creation is a manifested thought of God. And so the human soul is an enormous work of creation in miniature yet for people on earth it is a doubtful concept, it is something of whose existence they are not entirely convinced and which they can never prove scientifically either. Earthly people consider the soul a nothing or a questionable object, in truth, however, it is the most magnificent creation which gives evidence of God's love, wisdom and omnipotence, which glorifies Him in the spiritual kingdom, which is everlasting and gives rise to constantly praising God by all those who dwell in the kingdom of light and are blessed

Amen

Further explanation regarding the soul

It is necessary to clarify the concept of the 'soul' so that you do not live in error: Everything you see around yourselves is spiritual strength which was once emanated by Me as **beings** which were dissolved when they did not use the strength of love, which flowed to them ceaselessly, in accordance with My will. For this strength must become active according to the law of eternal order. Thus I reshaped this strength of love, once emanated as 'beings', into works of creation which perform a **servicing** function. And so all of creation which surrounds you is basically the strength which was externalised by Me as **independent beings**. And regardless of how solidified the spiritual strength is that became matter they are all sparks of light and love which emanated from Me, My will merely gave them a shape according to My love and wisdom However, this spiritual substance can no longer cease to exist, My once emanated strength will inevitably return to Me again Yet the degree of maturity of everything around you varies considerably, because the meaning and purpose of creation is to bring the spiritual substance to full maturity since, as a result of its fall into the abyss, it had completely reversed its nature and, by means of this process of probation, this purification process through the whole of creation, shall deify itself again, thus become an independent being once more, which will work in light and strength and freedom for its own happiness. Sooner or later all tiny particles of a dissolved original spirit will gather again and this will then live on earth in the external shape of a human being in order to achieve its final perfection of its own free will. Hence this soul is My once **emanated strength of love**, yet all of its substances still need purification Nevertheless, it is a spiritual substance, for everything you see is spiritual strength, even if it is consolidated as matter as a result of My will The spiritual essence which now animates the human being as a 'soul' has certainly reached a certain degree of maturity already, or it would not be permitted to embody itself as a human being; however, one cannot speak of a 'perfect' soul, because it travelled through Lucifer's realm and its thoughts and intentions are still satanically inclined. But it is the **once fallen original spirit** which, through earthly progress, can entirely release itself from all unspiritual influences, which can freely want and act and therefore also has the opportunity to achieve final perfection on earth and to enter the kingdom of the beyond as a radiant spirit of light again when it has to leave the earthly body. Hence the soul is something invisible to the human eye which is everlasting, which continues to exist for all eternity, whilst matter every external form that is visible to the eye is transient but will also only be disintegrated by My will in order to release the spiritual substance concealed therein

So the **visible** creation is likewise a spiritual substance which was once externalised as beings, it merely goes through these creations in a disintegrated state, yet one day it will be mature enough so that the fallen original spirit will be permitted to embody itself as a soul in a human being. Although the soul has the shape of a human it is, however, only visible to the spiritual eye, that is, only a certain degree of maturity enables another soul to see the former, just as the beings in the spiritual kingdom were once able to recognise and communicate with each other, but only because they possessed spiritual vision, which the

human being or soul which departed from earth in an immature state does not possess. Thus the soul is not a substantial form anymore, if 'substance' is to be understood as something material, **visible** It is a spiritual form, it is My emanated strength which gives life to a dead form the human body. Even so, the soul can think, feel and want, which the body itself cannot do once the actual life, the soul, is missing The human organs certainly perform their functions, yet always driven by or animated by the soul, the real Self, which determines the activity of all these functions. This is why the whole responsibility for the existence on earth rests on the soul, never on the body but it would always think and act wrongly had I not provided it with the spiritual spark as My share, which subsequently tries to influence the soul to subordinate itself to its urging and which always wants to advise it according to My will yet never forcibly influence the soul. It is entirely up to the soul to submit itself to the desire of the spirit or to the body's wishes; this is the actual test of earthly life the soul will have to pass in order to be able to enter the spiritual kingdom in a perfect state. You humans must get used to the idea that this very 'fallen spirit' is your real Self But that this original spirit at the beginning of its embodiment as a human being is still very impure, for it lives in Lucifer's realm, it travelled through all creations in which everything satanic is bound. And the human external frame is matter too, thus a spiritual substance that is still in the process of development For the final perfection shall only take place during earthly life but it can be attained, because the act of Salvation was accomplished by Jesus Christ, My first begotten Son, Whom I sent to Earth in order to redeem the immense original sin which denied all fallen beings entry into the kingdom of light

The soul of the man called Jesus was therefore a soul of light which, for the purpose of a mission, descended into the realm of darkness A soul of light embodied itself in a cover of flesh, in the body of a temporal human which was just like any other human. Although the soul of light prepared this shell first, for it had to be a pure vessel, because I Myself wanted to take abode in Jesus, the man. Nevertheless, the body of flesh consisted of earthly material substances, because Jesus the human being had to accomplish an act of deification on Himself which was to serve other people as an example which therefore all people will have to accomplish in order to perfect themselves.

Moreover, Jesus' soul, a profoundly pure soul of light, found itself in dark surroundings; it descended into Lucifer's realm and was subsequently exposed to all onslaughts on him. However, Jesus' soul was not a **fallen** spirit. But since it had to travel through the abyss it was unable to resist everything unspiritual which badly besieged it on Lucifer's instructions. Jesus' soul was light in all its fullness Yet when it descended into the abyss it left the light behind since it would irrevocably have consumed the people in darkness. Jesus therefore only entered His physical shell to a limited extent, He did not let His light of love shine yet love was in Him, He did not deprive Himself of love and this love intimately united Him with Me, His Father of eternity. Thus Jesus' soul consisted of spirit made of My spirit, it, too, was emanated by Me as light of love and did not surrender it either when it came into the world. But then My adversary's influence started, who wanted to prevent Jesus' act of Salvation and also sought to draw Jesus' soul down into the darkness. By virtue of the

enormous light of love Jesus could easily have resisted his every onslaught but this would have put the following of Jesus into jeopardy, he would never have exemplified, as a 'human being', the life His fellow human beings should live in order to release themselves from My adversary, instead, **divine strength** alone would have accomplished something which would never have been possible for any **human being**. This is why a soul of light consciously took up the battle against My adversary by offering him every target He challenged him deliberately and that meant, at the same time, not fighting the demons when they tried to take possession of His soul He did not defeat them by virtue of His power but by virtue of His love, that is, He pacified them, He brought redemption to them, for His love was greater than great and, during His earthly life as a human being, it grew into a sea of flames He accepted **Me Myself** as the Eternal love in Him He did not yield to the adversary's temptations but overcame every challenge, every desire by these demons with boundless patience and mercy in order to help these unredeemed spirits and to place them into a state that they could adapt to His soul And **love** accomplished the work that all still unredeemed physical substances adapted to His soul, that soul and body radiated in **supreme abundance of light** and united with Me, the eternal light of Love

And this very same process happens when a most elevated spirit of light ... an angel-spirit... wants to take the path through the abyss in order to attain childship to God, in order to **voluntarily** become a supremely perfect spirit which can create in and with Me in free will In that case, the spirit will always limit its abundance of light and strength, because it would burst the human body, which is not a pure spiritual body as yet Thus the spirit of light takes on the shape of the human body and yet remains a spiritual body And this spiritually 'limited' form is the soul which animates the otherwise dead body of flesh in the first place When this soul leaves the body of flesh again it will no longer be restricted and will be a free spirit again, full of light and strength but it does not exclude the possibility that this spirit had once taken the path through the abyss as a human soul But such a spirit will also have extraordinary spiritual abilities at its disposal in earthly life, for although it is exposed to the most severe temptations on the part of My adversary it will never completely lose its connection with Me, and the strength of its love will also ensure that it will emerge as the victor. For what My adversary failed to achieve when he caused the apostasy of the great host of originally created spirits from Me, he will not achieve now either And yet, a light spirit's life on earth will always be a particularly difficult one until it has quite openly passed the important test of will which turned it into My child that will forever be united with Me, with its Father, and then enjoy unlimited beatitudes

Amen

Every soul is an original spirit I.

You should pay attention to My voice when it speaks to you for My spirit will guide you into truth. If you want to be instructed of the **truth** then you can only receive it from **Me Myself**, the **Eternal Truth** Itself: When I once externalised the beings of My love, every being was a self-aware spirit which had a most intimate relationship with Me and was constantly permeated by My love. The permeation of love placed the being into a state of brightest realisation it was illuminated, it recognised Me Myself and everything that surrounded it Every being was an immeasurably happy God-like spirit. And yet, for reasons which have been explained to you many times already, countless beings fell away from Me while many others remained with Me The former lost their light, whereas the latter kept their immense abundance of light and did not follow My adversary the first fallen original spirit into the abyss. And with these remaining original spirits I create and work in infinity But you humans are also aware of the fact that I set Myself the goal for the deification of all **created** spiritual beings and that this deification has to be accomplished by the being's own free will You know **why** the beings had once fallen, and you also received the information of My eternal plan of Salvation which pursues the return of all fallen spirits and which will certainly be achieved one day. You are aware of the fact that childship to God is the highest goal and that, according to My plan of eternity, all beings, which live on earth as humans, are **able** to achieve childship to God if their free will seriously strives for it Then every once fallen being will have attained the highest degree of bliss, it will have become My image, it will be able to create and work entirely of its own free will and, yet, it will be completely the same as My will, it will no longer be determined by Me yet My child will have completely acquired My will and will therefore be inconceivably happy And this exceedingly high degree of bliss is also desired by My remaining spiritual beings, for although they are in direct contact with Me, although they are constantly permeated by My strength of love they are still **created** beings according to My will which **cannot** but think and act according to My will, which are more or less only ever implementers of My will. Making this difference clear to you humans requires a high degree of maturity which you do not possess as yet, so in view of your limited thinking I can only explain to you such things which your intellect is able to grasp, precisely because you lost this profound realisation about all correlations in the spiritual kingdom as a result of your fall into the abyss and have not yet attained the final realisation on earth. Nevertheless, it suffices you to know that the beings which remained with Me will also take the path across Earth one day in order to attain childship to God, which will immeasurably augment their beatitude.

This path across earth therefore requires a life in the flesh, the existence as a human being, just like the once **fallenspiritual** beings must do in order to pass their test of will. Consequently, a spirit of light wishing to embody itself on earth will also choose an earthly body for its abode whose spiritual substances have already attained a certain degree of maturity so that a spirit of light can occupy it, that it will animate the dead external form the human body and start its path across Earth in it. This spirit of light is therefore the **spiritual strength** which has to flow into a human body, which is born into the world as a

human being and which can only 'live' when this spiritual strength the soul the divine breath is breathed into this external form by My all embracing Fatherly love, Which has set Itself the goal of deifying all Its created beings into children. So this angel-spirit animates the human being as a soul, and since the body's substances, although more clarified than those of most people, are still immature, since they, in My adversary's world, are also exposed to his influences and since the angel-spirit has to fulfil a spiritual task on earth as well and is also usually unaware of its origin the soul its real Self must resist all temptations which confront it from outside. It must fight against all instincts which still adhere to the body, because the latter had passed through all works of creation, and as a human must often travel an extremely difficult path of life during which his free will must not fail, where he will always have to take refuge in Me as his Father so as not to lose the strength he needs on earth. For as an angel-spirit he had voluntarily given up his abundance of light and strength when he started the process across earth. Nevertheless, the bond with Me is very strong because such a person is permeated by unusually ardent love which is the most reliable guarantee that he will reach his goal on earth, that he will return to Me as 'My child' because this was his greatest desire while he was in My kingdom Hence every spirit of light will always go through the same process, it will always, as a 'soul', enter an earthly material form which will exert a more or less strong influence due to its multifarious composition and which will present many tasks to the soul, for this external form will always have passed through earthly matter unless, due to previous unusual influences having clarified its substances already, it can very quickly follow the requirements of My divine spiritual spark which, in the embodied beings of light glows especially brightly and can achieve a complete spiritualisation of all substances faster

And so the soul of Jesus was also a most elevated spirit of light He, too, entered an earthly material external form and gave life to this form when He, as a soul, took possession of the external cover, when He was born on earth. The vessel which gave birth to Him was pure and immaculate, His conception was not a low act of the senses even so, his body was the same as every other human body because He was meant to accomplish the work of spiritualisation as an example which should and can be emulated by all people. His soul, even though it came from above, was also harassed by immature spirits which He was not allowed to shake off but which, by virtue of His love, He had to spiritualise as well, which required tremendous work on Himself and such work must likewise be carried out by every angel-spirit in earthly life, because the process through the 'abyss' also means the conquering of everything that belongs to the abyss and afflicts these people Their great love, however, accomplishes this work with perseverance and patience. And usually they succeed in spiritualising body and soul that is, to also redeem the still unspiritual substances which join the soul, to establish complete order in themselves while at the same time fulfilling an exalted mission they voluntarily offered to do

Amen

Every soul is an original spirit II.

Every substance, every spiritual being which once emerged from My love, is emanated strength In their fundamental element they are the same as Me Myself, they are made of the strength of My love The **fallen** spirits were dissolved into countless tiny particles for the purpose of being led back to Me; the once emanated strength was reshaped into all kinds of creations, for the strength had to become active again somehow because this is the law of eternity. But these dissolved tiny particles gathered again, and every once fallen original spirit receives its self-awareness back as soon as it lives on earth as a human being, as soon as it starts the final stage of the infinitely long process of development before it enters the spiritual realm once more. Hence this gathered spiritual substance animates a human being's external form The **soul** itself is therefore the **once-fallen original spirit**, it is the self-aware being which once originated from Me in an abundance of light and voluntarily fell away from Me and which My adversary the first-fallen spirit of light pulled into the abyss. The host of originally created spirits was innumerable and the number of beings which remained with Me was also inconceivably great Yet they, too, were basically the same: emanated strength of love from Me. If therefore a **spirit of light**, an **angel-being**, takes the path across the earth for the purpose of attaining childship to God, it enters the same situation as every **fallen** spirit It enters a cover of flesh which consists of more or less tiny matured spiritual particles, for the flesh belongs to this earth The body can certainly be more clarified and shelter fewer substances opposed to Me but it is always earthly material substance which is, after all, the reason why all earthly progress becomes a difficult trial or test of will for the soul inhabiting a body of flesh

For challenges need to be present, even a soul of light must experience battles of the flesh which My adversary will initiate, time and again, by using an external cover in order to attack the soul in every way. And thus, even a soul of light will be subject to severe temptations, since the earthly body is in My adversary's realm and he will especially provoke a soul of light in order to make it fall, since he had not succeeded in the past. Yet such a soul's exceptionally strong willingness to love also assures it a constant flow of strength from above, for it will not renounce its bond with Me, it is powerfully drawn to Me and this yearning of love is a formidable weapon in the battle with the adversary, from which it will certainly emerge victoriously However, you must not think that a spirit of light a non-fallen spirit will join a **fallen** spirit in order to take the path across earth together **Every soul is an original spirit**, whether fallen or not The **fallen** original spirit goes through the process of development dissolved in countless substances until it is permitted to embody itself as a human being, until it therefore enters a human external shape as a 'soul' The **non-fallen** spirit does not need to be dissolved; instead, it enters a human cover as a soul from above just like those beings of light which attained a high degree of light in the kingdom of the beyond and, for the sake of a mission, want to repeat the path on earth with the goal of attaining childship to God Such souls directly embody themselves in the flesh My once emanated strength flows as a 'breath of life' into the external human form and gives life to this form You humans should always remember that everything which was

once 'created' by Me is My emanated strength of love which, as a result of My will, became self-aware beings which can never perish. But I can also reshape this strength, I can dissolve these beings and let other creations arise if I thereby pursue a purpose which is based on My love and wisdom However, I can also clothe such a self-aware being with the cover of a human being if My love and wisdom thereby hopes to achieve a purpose And every soul, which ought to be regarded as a human being's real life, is an original spirit to whom My infinite love offers the opportunity of attaining childship to God on earth, which every created being must strive for and accomplish itself

Amen

Individuality of each soul

When My creative will became active My wisdom also realised the accomplishment of all that which My love and strength had created; I saw the fallen spiritual beings' process of development as well as the partial relapse into the abyss, I saw a countless multitude of originally created beings fighting each other in the universe. I saw satanic actions everywhere in the spiritual kingdom and in the earthly-material creations I saw the rise and fall, I saw the constantly changing shapes and My wisdom recognised most clearly that the huge redemption work will be successful one day, which delighted My love and thus My will was incessantly active. I foresaw the achievement an eternity ago yet I also saw the countless originally created spirits which would remain opposed to Me and need an infinitely long time before they surrender to Me without resistance. But this did not trouble Me for time does not exist for Me, if only I reach My goal one day. Yet the plan of redemption for these spirits remaining in opposition to Me considerably deviates from the one for the less hardened spiritual beings, for the former require several infinitely long periods of development until their final redemption, and each one signifies a different process of redemption than the preceding one. For the sin keeps increasing the more often free will is misused, and the final stage as a human being also provides the spiritual entity with awareness, because I endow him with intelligence by virtue of which he can distinguish between right and wrong. Before a human being's soul can be formed the individual soul substances must effectively have travelled through all creations, the soul will have gathered all minute particles which once belonged to a freely spiritually creating original entity, and this original entity receives, as a human being, the self-awareness again which it no longer possessed during the preliminary stages of development. Then the soul will continue to remain a self-aware individual entity in the spiritual kingdom, although it will then work and create in unity with equally mature souls It will recognise itself for what it once had been and is incredibly happy in this self-awareness. But the final test of earthly life can, although it is not too difficult, also be failed; in that case My work of redemption has not been possible during one course of development and the being will have to go through a second and far more difficult process of redemption, it must once again take abode in new material creations, the soul will be dissolved again into untold

minutely small particles and, depending on its nature, engendered into various shells once more and the path of higher development will start anew.

A soul which deserts Me as a human being increases its sin many times over and must therefore also suffer considerably more than during the individual developmental stages of the previous period. Yet even then My infinite love will be at work again in order to help this soul to ascend, so that, at the end of its earthly progress in the law of compulsion the re-assembled soul can incarnate itself in a body of flesh with the purpose of passing its final test of will on this earth. Although at a later state of maturity this soul can undoubtedly look back upon an entirely different earthly progress than that of the period before, nevertheless it remains the same spiritual being but will only recognise itself as such when it reaches the specific degree of light when it receives its past memory again. Every soul entering the spiritual kingdom after its physical death remains what it is and can continue to ascend constantly higher and, in unity with equally mature spiritual beings, bring happiness to countless beings on earth as well as in the spiritual kingdom; but it always remains the same being and will never lose its self-awareness again. If, however, it descends into the abyss, its thinking will become confused, it no longer recognises itself and if it descends to the lowest point it can also harden into solid matter again, thus starting the process of development in new creations on earth once more. The being only recognises itself during a specific degree of maturity, and this degree of maturity has been attained as soon as the soul is permitted to embody itself as a human being, on account of which the human being is in clear possession of self-awareness which the soul will not lose again unless it descends into profound darkness again, where it can no longer recognise itself for what it is and what it had been. I will collect every spiritual being again which once went astray, I want to regain it in the same condition as it once came forth from Me. I want to draw completely free, supremely perfect angel beings burning with love to My heart and I will achieve this goal even if it takes eternities, for My love, wisdom and might is without bounds and My creative will shall never end until even the last spiritual being is redeemed and has become My child

The soul's individuality

For the sake of complete clarity I want to give you a further explanation: The spiritual being I brought into life, that is, which I externalised from Me as something spiritually tangible, cannot be denied individuality This being was created in My image; it was externalised by Me into infinity as entirely separate; it was self-aware and therefore also recognised itself as a thinking being with free will It was a miniature of Me Myself, but so minute compared to My fundamental fullness that one can indeed speak of a 'tiny spark' from the fiery sea of My strength of love And yet it was an individual with self-determination, except that through the influx of strength of love it was constantly in contact with Me, but it did not hinder the being in any way It was free and full of light and strength It was a divine creature which had

come forth from Me in supreme perfection and from My side experienced no limitation of any kind. Any limitation or restriction of its light and strength was caused by itself because it was able to make its own choices And the same also applies to all spiritual beings which the first-created spirit brought into life through its will with the use of My strength They, too, were supremely perfect, every being was conscious of itself and thus an individual which was able to be separately and fully independently active in the spiritual kingdom in free will. Hence no being was bound to Me and My characteristics by force, every being moved freely and separately within the spiritual creations and was inconceivably happy. If therefore a 'fall of the spirits' is spoken of a descent of the original spirits into the abyss, it should be understood such that the beings refused to receive My illumination of love, that they rejected the flow of My strength of love, which ceaselessly poured out of Me and permeated everything with light and strength They no longer accepted My spirit, My love, they separated themselves from Me deliberately but would never be able to fade away again because they were and will forever remain My emanated strength of love. Each fallen original spirit was a being in its own right, an 'individual' and will remain so for all eternity It strove away from the Eternal Light, from the Primary Source, and therefore deprived itself of all light and strength

But the original spirit remained the being which once came forth from Me in supreme perfection. Even if the infinitely long process of guiding the spiritual being back to Me, where this being is dissolved and its tiny particles have to go through all creations all these particles come together again and, after endlessly long periods of time, form the self-aware being again the fallen original spirit so that shortly before its perfection as the human being's soul it can make a free decision again as to whether it wants to return to the realm of the blessed spirits or whether it will infinitely prolong its return again as a result of its own opposition However, the self-aware being the human being shelters as soul the spirit I once externalised, which will always and forever remain the same individual that once originated from Me It was perfect and chose the abyss of its own free will but it did not cease to exist, it did not become fragmented, it is and forever remains the self-aware being, with the exception of the path of return through the creations when its self-awareness is taken away, when it is dissolved and in the state of compulsion takes the path of higher development And even if the being has to travel the path through the creations more than once it will always remain the same self-aware being which once turned away from Me, which rejected the strength of My love and thus deliberately separated itself from Me despite the fact that this can never happen because everything that emerges from Me will always be inseparably connected to Me. Thus the 'apostasy of the spirits' is also to be understood literally The self-aware being I once emanated fell because I did not stop it and because it was able to determine its own fate in free will. And this spiritual being must return to Me again in supreme perfection if it wants to unite with Me in order to be incomparably happy forever For as soon as I can permeate it with My love again it will also regain its original state. However it always remains aware of itself it is lovingly united with Me and yet a free being which nevertheless has entirely entered into My will and therefore can create

and work with Me in inconceivable happiness

Amen

The soul consciously starts earthly life

Past memory

Prior to your embodiment as a human being your destiny of life was presented to you and you entered this final embodiment in full realisation of what will happen to you in earthly life, because the final goal you would be able to reach was simultaneously obvious to you and because it was your own free will to release yourselves from the final form through this earthly progress. Afterwards, however, this past memory was taken away from you and thus your life proceeds without you being conscious of the success you could achieve. However, there is no other option, otherwise free will would not come into its own, which has to accomplish your final perfection in the first place. But it is certainly possible for you to overcome all difficult strokes of fate granted to you, for no person will have to bear more than he is able to cope with, albeit with the strength of God, which is always at his disposal However, if a person only relies on his own strength, life's offerings can undoubtedly devastate him. Yet he always has the opportunity to request strength from God he has the opportunity to pray But this presupposes his belief in a God and Father of eternity, otherwise the person would never call upon a God for strength and help. Yet every person who still lacks faith can find it if he reflects on his life, his destiny and everything that surrounds him. A thinking person will truly not find it difficult to attain faith in a **powerful** and **wise** Creator, he just does not often want to admit that his relationship with this Creator is so close that He is even willing to help him in every adversity, no matter how small or great, if He is asked to do so. Such people lack belief in the correlation between the Creator and His living creation, thus a God of love is barely credible to them, consequently, they keep themselves distant from the One Who, however, wants to be called upon by His creatures so that they prove their bond with Him. For this reason people will time and again be afflicted by strokes of fate which are not only intended to make the affected people themselves but also their fellow human beings think about their attitude towards a God and Creator, Who also wants to be the Father of His children to Whom He gave life.

With God's strength every individual human being is capable of overcoming even the most severe strokes of fate. And he also agreed to this before his embodiment as a human being, for he was not placed into this or that embodiment against his will, he voluntarily started his earthly path with the view of complete liberation from every form and also with the firm confidence that he will master life in the right way. But as a human being he often fails and the challenges often seem insurmountable to him as long as he does not avail himself of help by His God and Creator, Whom he must acknowledge without fail if his earthly progress is not to be in vain, without any success for his soul. This is why the first and most important requirement is the belief in a God Who is love, wisdom and omnipotence in Himself And in order to gain this faith the human

being must first kindle love within himself Love, however, is **strength** in itself too, and thus every person who lives a life of love will irrevocably be able to cope with even the most difficult destiny of life because he already receives the strength from God, hence he will also have a **living faith**, so that he will call upon God as his 'Father' in every earthly or spiritual adversity and truly be guided through it, because God Himself is love and He has the **power** to put everything right again that has become disorderly because He helps the person with His strength to master even the most difficult situation in life. And He will always be prepared to be of assistance to him in every adversity

Amen

Love and suffering purify the soul

And you will truly follow Me if you bear your cross with patience and submission to My will. I certainly carried all of humanity's sins on My shoulders when I walked the path to the cross and thereby relieved you from the immense burden of sin you would have had to carry on account of your sins I knew that it was too heavy for you, that you would never have freed yourselves from this huge weight. And thus I carried it on your behalf But you must know that you still have a low degree of maturity of soul as long as you have not fanned your love into brightest radiance. And this is what you humans are lacking, even if you strive to live your life according to My will. For this reason I give you the opportunity to raise your soul's maturity through afflictions, which are the right kind of purification means for the soul, so that it becomes increasingly brighter and translucent and able to enter the kingdom of the beyond in a purified state when its hour has come. Love and suffering purify the soul I say this time and again, and thus I also tell you that you need the suffering, because the love in you has not yet reached the degree which lets the soul become so crystal clear that My love can permeate it without meeting with any resistance. Your life will not last long anymore, and one day you will be grateful to Me that I helped you to spiritualise your soul through afflictions, through adversities and suffering, through all kinds of ailments Just do not rebel against your destiny, accept everything from My hand and always remember that I want to help you attain perfection as far as it is still possible on earth. You can still cast off many impurities from your soul and thereby enable it to blissfully pass over into an abundance of radiant light, because the soul will have been prepared such that it can absorb this abundance of light without having to fade away. Although you can all certainly be redeemed from your guilt of sin because of the forgiveness which, for the sake of Jesus Christ, is assured to you if you appeal to Me Myself in Jesus for it but the degree of light which subsequently will make you happy can vary and thus the bliss you enjoy will also differ depending on the soul's transparency and perfection, depending on the work you have done on earth to improve your soul. So if you are negligent despite your good will My love will help you by repeatedly creating opportunities for you to raise your soul's maturity by burdening you with a small cross which you should carry with patience and submission so that you occasionally suffer in order to

promote your psychological task, to dissolve the impurities and to let your soul emerge from the suffering so bright and pure that it has also become receptive for high degrees of light and in truth can enter the kingdom of light and bliss. For life is short and one day you will thank Me for the path I made you travel on earth when the soul has gained the maturity which allows for a high degree of illumination of light and which will make you inconceivably happy Therefore take your cross upon yourselves and follow Me for sooner or later your path will end and then you will be overjoyed

Amen

Immortality

You can take it for absolutely granted that you will never be able to perish again, because My strength will forever be indestructible and you are, after all, the emanation of Myself. And if you know this you should also do everything in order to prepare a happy fate for this immortal part of you, as this is entirely up to your power and your will. For you are sentient living beings which will therefore feel both pain as well as bliss but which can be either reduced or increased, which is your own business during your life on earth. Since you have no precise knowledge about your state after your physical death, because you are not even convinced of your soul's life after death, you neglect to do the most important thing in earthly life and do not consider **what** will continue to go on living your soul which you thus can and should place into a blissful state if you would fulfil the purpose of your life on earth. The fact of a continuation of life after death cannot be proven to you so as not to enforce your conduct in life and yet, with good will, you can gain an inner conviction that you are immortal, that is, only if you believe in a God and Creator Who brought everything visible to you into being For if you closely observe every single work of creation with an open heart you can already recognise that they are small works of wonder brought forth by an exceedingly wise Creative Power. And usually you can also perceive their expediency which testifies to His wisdom and love again Thus you can infer that there is a perfect Deity from Whom all works of creation emerged. But perfection knows no limits, neither time nor space are subject to limits for perfection, and thus the Creative Power's products of creative will also correspond to My divine law They, too, will be limitless, they will have no end but this only ever relates to spiritual creations, to which the human soul belongs Visible creations are also spiritual substances which only temporarily remain visible, nevertheless, after they dissolve they continue to exist spiritually, it is merely that due to My will the external form ceases to exist, precisely in order to release what is sheltered within And thus you must also regard yourselves, your physical body, only as a temporary external form which shelters the soul, your actual Self until death dissolves the external frame and releases the soul within, but this is and remains everlasting. In earthly life you humans can already perceive and follow constant changes in the works of creation, one thing will always arise from another, and everything you see is spiritually animated, a tiny particle of spiritual substance shelters within

which constantly grows bigger and thus shelters in increasingly bigger works of creation until, finally, all particles have come together again in the human soul, which was once created by Me as a 'self-aware' being and is therefore also eternally imperishable.

Were you humans able to gain the convinced faith in the immortality of your soul, in life after death, then you would also lead a safe way of life, you would want to prepare a bearable or even blissful fate for your soul and not live your life irresponsiblyHowever, in the time of the end people are completely indifferent, what they don't know they don't desire to know either and are satisfied with earthly death, they only pay heed to worldly things and don't strive for spiritual knowledge, in which case the soul can only be in a wretched state after the death of the body and must endure immense pain in the kingdom of the beyond I would like to spare you this pain and therefore want to enlighten you time and again about your immortality, which explains everything that happens to you, because I want you to think about where you come from and where you are going to. And if you suddenly must leave the earth, if your soul is unexpectedly separated from your body, it will hardly realise that it has entered the beyond, for it merely finds itself in a different location without knowing that it is no longer alive And the more irresponsibly it had conducted itself on earth, the darker its spiritual state will be. Nevertheless, it exists and can never perish again. But it will still have to travel an infinitely long path in order to become a little spiritually enlightened, so that it will gain a glimmer of realisation, all depending on its attitude in the spiritual realm regarding the divine commandment of love, which must also be fulfilled in the beyond before it can be granted a slight improvement and a small amount of knowledge. If, however, it has already gained faith on earth in the soul's life after physical death it will also lead a more responsible way of life and the ascent can process faster and easier

Amen

Man's conscious work of improving his soul

Nothing should prevent you from carrying out the work of improving your soul, for this alone determines your fate in eternity. And no-one can relieve you of this work; no-one can do it for you. And therefore every day your soul hasn't made any progress is lost, even if you just carry out a single deed of love it helps your soul to mature. Every day that has only satisfied your selfish love, that has only benefited your **body**, is a lost day, for as soon as the soul had to starve the day was lived in vain. And yet you could easily progress, for you are offered many opportunities where you can prove yourselves, where you can carry out this said psychological work opportunities, where you have to defeat yourselves, where you have to fight against longings or all kinds of bad habits, where you can please with kind deeds, friendly words or helpful acts, which always result in spiritual advantages for your soul

Time and again opportunities will arise when you can enter into heartfelt communication with your God and Father in order to derive a blessing for

your soul And time and again you can listen to the Word of God or read it and thereby provide your soul with very special help by providing it with nourishment which enables it to mature. And no matter how lucrative your days will be for you in regards to earthly profit, a **good deed**, no matter how small, is deemed far more valuable, for it results in profit for the **soul** which it can never lose again. But it cannot keep what the body receives; they are just borrowed goods which can be taken away again at any time. And therefore you can also cause daily damage to your soul if you burden it with sin if you lead a bad way of life and add many additional sins to the existing original sin, which only your **soul** will be answerable for one day, because it is immortal. Hence you should not spend your days thoughtlessly, you should thoroughly consider what you are doing, and you should try to take more care of your soul than of your body, for the **soul** is your **real Self** which has to travel the path across earth in order to mature **fully**, in order to attain perfection, which it can only achieve on earth. But this also necessitates your will with which you consciously have to fight against weaknesses and all kinds of faults

Consequently, if the human being wants to become perfect he will also have to request the strength to live in accordance with God's will, that is, to accomplish deeds of love which then will surely be granted to him. He has to live life consciously, always aiming to perfect his still imperfect nature, and make every effort to do so. Then he will be impelled from within to act with love he can't help himself but do kind deeds, and thus he will also be able to progress spiritually every day And then he will not let himself be held back by worldly enticements either For once he is serious about accomplishing his goal of achieving perfection he will always put his work of improving his soul first, and then he will also always receive help from the spiritual beings guarding his earthly life who time and again try to influence his thoughts such that he thinks, speaks and acts in accordance with God's will For the only purpose of earthly life is the maturing of his soul which, however, is rarely recognised, and therefore the soul's fate is often an unfortunate one, albeit due to its own fault, for the human being is time and again informed why he lives on earth if he doesn't want to believe it, his soul will have to pay for it one day by taking the darkness across into the kingdom of the beyond, with which it had come to earth as a human being

Amen

God's gift: the spark of love, a part of Himself

You are lacking light and strength because you are still imperfect. However, without light and strength you will not attain perfection either and would hopelessly have fallen prey to a wretched state were you not granted help and first given light and strength, which subsequently enables you to reach the state of perfection. Hence, at the beginning of your life on earth you are oblivious of the correlations, of the meaning of your earthly life and your task, you are completely without knowledge you are lacking **light** And if this is brought to you by way of being instructed of your earthly task then you, on the

other hand, lack the **strength** to attain your spiritual perfection as long as you don't acquire the strength for yourselves, which can only ever happen through kind-hearted activity. And for the acquisition of this strength thus for being lovingly active you usually lack the will, because your imperfect state also signifies an exceedingly weakened will So this is how you are at the beginning of your earthly life which was only given to you to shape your imperfect nature into becoming perfect. Your life on earth would therefore be incredibly hopeless had God's love not **granted** you something to help you attain perfection again: He placed a minutely small spark of His infinite spirit of love into you This tiny spark of love is His share, it is inseparably united with Him, it is spirit from His spirit, light from His eternal essence of light and strength at the same time This tiny spark is capable of achieving a change in you so that all imperfection will fade away and enable you to leave this earth as radiant beings of light. But this requires you to kindle this tiny spark yourselves, that you provide it with nourishment so that it can spread out it requires you to allow the divine spirit of love to impel you into activity of love, for that is its task, it is God's help that this spiritual spark constantly tries to influence you from within to do works of love because 'love' equals 'light and strength', because ignorance and lack of strength fade away as a result of activity of love because love is the only mean to become as perfect again as the being was at the start. Without this spark of love no-one would reach this goal in earthly life, for the being had once completely rejected all of God's illumination of love of its own free will and was no longer able to love correctly, which is its legacy of the one who was the first to renounce God's love

Thus the human being is this once-fallen being which believed itself capable of existing without divine illumination of love Admittedly, it could no longer perish again but the state of a **fallen** being became a completely different one than as it was originally created For only love is the invigorating strength which enables the being to be blissfully active, **without** love the being is dead and in spiritual darkness and therefore must also feel tremendously wretched. Yet despite having formerly rejected His love God placed this minutely small spark of love into every human heart and so established contact between Himself and the person, which, however, must also be utilised by the person, because even this spark of love, the part of the divine spirit, does not coerce the human being's will. Nevertheless, with gentle urges it tries to influence this will to practice love, which then can ignite a flame in the person's heart spreading light and at the same time providing the person with strength to change his nature. Therefore it is **possible** for every human being to obtain light and strength for himself in earthly life, but since free will must not be excluded God's spirit of love remains in the background and does not compel a person into activity which causes his perfection on account of which countless people fail to make use of the great gift of grace and thus remain in darkness and weakness from which only activity of love can release the soul

Amen

Tiny spark of divine spirit in the heart

And My name shall be glorified before the world For you shall recognise Who reveals Himself to you by the effect it has on you and within you, you shall feel it in your heart when you are being addressed by Me and then consciously praise and thank Me because you recognise Me. The measure of My love is boundless and will never run dry, time and again the spring of love and strength will open and pour out over you and many times you will be able to sense your Father's presence It is My grace which I pour over you because you, like infants, are still weak and need My help. And if I thus reveal to you that I dwell within your midst then stay in silent worship and hand your hearts over to Me. And I will accept everyone and with loving care lead them to perfection. And you will start to live in heartfelt unison with Me for you have found your way home to the Father Who is inside of you because you have prepared an abode for Him, you opened the door of your heart when I knocked with a desire to enter. When you entered this earth as a human being I came to you, I placed a tiny spark of My divine spirit into you, a tiny spark of love, which was intended to grow into a flame and unite with the fire of My eternal love again Hence there is a small part of Me Myself in you when you embody yourselves as human beings on earth which establishes a connection with Me but of which, however, you must first become conscious by looking for contact with your God and Creator of your own free will, which will already exist because you have the will to be in contact with your God and Creator. This tiny spark of God in you characterises you as a divine living being if you allow it to break through. And it can break through in you if you change your nature into love. For you once changed your nature of pure love into the opposite; you adopted My adversary's nature who is totally devoid of love and thereby distanced yourselves from Me. All the same, you were the children of My love, you came forth from My love and I will never ever let go of you or hand you over to My opponent because I love you far too much. However, you would never find your way back to Me again if I did not provide you with a minute spark of My divine spirit for your life on earth, because this tiny spark of spirit shall guide you towards Me, it shall push you to Me, it shall prevail over the body and draw the soul your real Self close in order to unite itself with the spirit and thus also accomplish unity with Me, the Father-Spirit of eternity. And this spiritual spark lives in you but keeps silent until you, through your will, set it free to communicate with you And then I will manifest Myself in you Then you will have fulfilled your purpose of earthly life and your life will just be a constant prayer of thanks and praise, for then your nature will have changed itself into love again, since without love My tiny spark of spirit would not have been able to come alive But once My spirit can make itself known in you it proves that I Am present in you Myself it proves that the child has found its way home to the Father, that it has overcome the wide gulf which kept it separate from the Father for eternities that it is now illuminated by My strength of love as it was in the beginning

Amen

Awakening the divine spiritual spark will guarantee a change in character

You once deprived yourselves of your divinity by changing your fundamental nature into the opposite, you were no longer beings of light but had become beings of darkness, for you were devoid of all love because you had rejected My love which wanted to permeate you and make you happy for all eternity And in this ungodliness, in this totally opposite nature to Mine, you were distant from Me, you utterly reversed your nature and could therefore no longer be close to Me because you would have ceased to exist in My light of love, it would have consumed you completely However, it was not My will that the being which had once emerged from My strength of love should **vanish**, I only wanted its return to Me, but this necessitated a change in nature which reduced its distance from Me until, finally, this distance was completely overcome by the fact that the being had adopted its original state again until it had totally become love again and My love was able to permeate it again as before This transformation into love required of Me an act of mercy and love: I had to place a tiny spark of My eternal love into you because you were utterly devoid of love and therefore also incapable of changing yourselves and your nature An exceedingly long and painful process of return had almost broken your past opposition to Me, yet then you entered into a state in which you received free will again, which prior to that had been bound And in this state of free will as a human being the re-transformation into love should take place again, which would have been utterly impossible had a tiny spark of love not laid dormant in you, which is a gift of grace I place into every person's heart and which characterises him as a divine living creation as soon as he voluntarily kindles the spark of love to flare up into a bright flame This work has to be accomplished by the human being himself. And he can certainly do it precisely because the divine spark of love lies dormant in him. This spark of love is a divine part, it is a minute spark of My eternal spirit of love which is inseparably connected to Me, which also incessantly strives back to the eternal Father-Spirit but which allows the human being complete freedom as to whether he yields to it or whether he smothers the small spark with his anti-divine nature on account of his connection with My adversary which he is not prepared to give up.

You are all **able** to love but whether you are **willing** is left up to you And although the spiritual spark in you, seeing it is part of Me, has tremendous strength, it will not force you to change your nature but it will make it easier, it is not an impossibility that this change of nature into love can occur during your short lifetime on earth. The connection with Me is in place, it just has to be striven for by yourselves for you to feel its effect when My love can shine into you again A bond between the spiritual spark in you and the Father-Spirit must be established, then the change of nature will irrevocably take place and you will become the happiest beings again, as you were in the beginning. But without this spiritual spark in you, which is My share, you would be hopelessly lost **You are able to love**, you have the ability to feel and to emanate love you are not entirely devoid of love if you don't resist this spirit of love in you, if you don't push towards My adversary who will always prevent you from carrying out loving acts but who **cannot** stop you if you kindle the light in you, if you pay attention to the gentle voice within and comply with it, which

will always stimulate you to be lovingly active. For My spiritual spark is truly mighty and full of strength because it is part of Me It will strengthen even the slightest will towards it and there is nothing My adversary can do to stop it, for he cannot fight against Me since I Am, after all, inside of you I just don't force you if you oppose Me of your own free will. And this divine spark of spirit, which is part of Me, is also the guarantee that you can change, for it is strength from Me which enables you to do anything you seriously strive for. And in order for you to muster this serious will the divine Redeemer will always help you, He merely wants to be acknowledged and asked to strengthen your will For He and I are one; you once rejected Me, you refused to acknowledge Me as your God and Creator and followed the one who drew you into the abyss And he will be in control of you until you appeal to Me for help and thus recognise and acknowledge Me in Jesus Christ And truly, the adversary's power will be broken if you confront him with My name; your will shall be strengthened and your desire for union with Me will constantly grow stronger The spiritual spark in you will seriously strive towards the bond with the eternal Father-Spirit, you will give in to the inner urge and will be impelled into kind-hearted activity because I Myself can once again permeate you with My love And your nature will again take on a quality which resembles My fundamental nature It transforms itself into love and will inseparably unite with Me, then you will never leave Me again; the child will have returned to the Father from Whom it once originated

Amen

The soul's union with its spirit

I reveal Myself to you humans in the most simple and understandable way, for My Words are not solely intended for the intellectual person but for all who desire the truth, even if they do not possess a keen intellect. However, I speak to them in a way that they can understand and therefore I avail Myself of a plainly spoken person, who can also be understood by everyone when he speaks to them from person to person, because then I will work through My spirit if he takes part in spiritual conversations When My Word is therefore conveyed to Earth it also happens in a way that the contents of My revelations are clear and understandable. And thus every person will be able to understand that the process of the spirits apostasy consisted of the fact that they rejected My illumination of love, My 'spirit of love' and that the return to Me also consists of the fact that they will voluntarily accept My illumination of love again that they thus must unite themselves with My spirit once more. The union with My spirit takes place when the divine spark of love, which is placed into every person as My share, gets kindled into a bright flame which incessantly strives towards Me, the Primal Fire Then the fallen original spirit will have become its fundamental element again, and this consciously For even after its apostasy from Me it remained My strength because My emanated strength of love cannot cease to exist Hence the return to Me can only be achieved consciously and this requires free will, which is returned again to the previously

constrained being as a human who must subsequently use it correctly The original being certainly takes the path of return in an unconscious state dissolved in countless tiny particles while it is bound within the creations of earth. This return is an act of grace on My part, because I want to help the extremely deeply fallen being to reach the point again when it can receive its free will back. But then the unity of the spiritual spark with the eternal Father-Spirit must take place if the final return is to be accomplished.

The original spirit, which travels the earthly path as a human soul, will remain distant from Me for as long as the human being is without love, for I have also given him a spark of love which he must first ignite before a union with the Father-Spirit can be accomplished, for only love can achieve this union, and love must voluntarily be practised by a person, which also makes the illumination of My strength of love possible and the being becomes again what it was in the beginning The soul is a fallen original spirit Consequently, when it is said that the soul unites with its spirit, then the latter should always be understood as the spirit of love from Me, which the original spirit once rejected and thereby closed itself to all illumination of love As a human being the soul the once fallen original spirit carries a tiny spark of divine spirit within itself, but it must voluntarily acknowledge it, which it consciously does when it opens itself to My illumination of love and thereby becomes lovingly active itself Thus it has the spirit within itself and it is its earthly task to let itself be influenced by this spirit, which will always result in the fact that the person will practise love and through love unite with Me, since I **Am** the Eternal love Itself. Hence the soul unites itself again with its spirit The original spirit no longer reacts negatively towards Me and My illumination of love, instead, it consciously strives towards Me, it wants to be illuminated by Me and every distance between us is abolished It is the same divine original being again which originated from Me and after its voluntary apostasy also voluntarily returned to Me again, except that it has become My 'child', which I was **unable** to create because it required the created beings free will to become supremely perfect. Thus it deified itself voluntarily and can now create and work with Me in supreme beatitude and free will which, however, is the same as Mine, because a perfect being cannot want and think differently than I, as I Am the most perfect spirit in infinity

The 'working of the spirit' in the human being

The most profound mysteries can be penetrated by you if you allow the working of My spirit within you You will not understand this for as long as you still think in an earthly-material way, for as long as your mind is only occupied with the world and you do not try to find contact with the spiritual kingdom You will not understand the 'working of My spirit' as long as you have not made contact with Me, your God and Father, because then you will not be living in love as yet, which is the prerequisite for a bond with Me and thus also for the dormant spiritual spark with the eternal Father-Spirit Without love you cannot muster the understanding for the working of My spirit and neither will

you ever strive for it However, once you kindle love in yourselves, the spirit in you will come alive You thereby establish the bond with the Father-Spirit of eternity, Who is love Itself, and He will influence you through the spiritual spark in you By allowing the 'working of My spirit' in you, you will truly attain great spiritual knowledge, knowledge will be made accessible to you which people cannot gain in any other way, for you may take a glimpse into spiritual spheres where secrets will be revealed to you which, however, can only ever be imparted to you by the spirit within you. However, prior to that you will always have to prepare yourselves into a receiving vessel for the divine spirit, which can only be accomplished through love. Then My spirit will be able to flow into you and the results will be truly glorious, they will be and remain a person's gain for all eternity. And so truth, too, can and will be conveyed to you humans in this way, hence it is possible for you to be instructed by 'God Himself' in all truthfulness if you allow My spirit to express itself, for this is entirely up to your own free will, no-one will be forced into it.

But if you allow it, by voluntarily shaping yourselves through a life of love into a receiving vessel for My spirit, then you will soon become enlightened, you will soon experience brightest realisation, and knowledge will be revealed to you which will plainly reveal all spiritual correlations to you Then the darkness of night will truly have been penetrated and the spiritual sun will shine into your heart, you will never walk in darkness again for you will have received a true light from Me which you may radiate into the night again. Therefore, don't be surprised where a person's wisdom comes from while another one does not possess it as yet Don't question why it is still so dark in people's hearts, for you now know the answer: You must seek the light yourselves, you must ignite the spark in yourselves and then there will be light because you desire light You humans should believe that I Am in contact with you, that I do not want you to live in eternal darkness. Yet you yourselves should want to escape the darkness too and take measures to kindle a light in you you should be aware of the fact that I placed a tiny spark in you but that it depends on your free will whether you want to fan this spark into a flame Then this flame will surge towards Me and unite itself with the fire of the Eternal Love with the result that My spirit will pour itself into such a prepared vessel and dispel the darkness in which the soul lingered until it accepted Me, until its love urged it towards Me and the darkness was subsequently penetrated Then I will be able to work in the human being, and where I Am at work through My spirit there is light, realisation and bliss

Amen

*Union of the spiritual spark with the Father-Spirit
Jesus*

Once the spirit awakens to life in the human being the connection with Me will be established, for the spirit within a person is a spark of My divine Father-Spirit, it is a part of Me and thus the same as I Myself, so then you will also be able to rightfully say 'God is within me' For the spirit within you only awakens to life when you practise love, and then I, as the Eternal Love, can be within you Myself. However, although you all carry this divine spark inside of you it can nevertheless be buried due to your own will, due to your way of life, and remain so until your death In that case you went through life 'without God' because you lived without love and thereby made every contact with Me impossible Even so, you have lived your earthly life and thus left a great blessing unused; you failed to live up to the purpose of your incarnation as a human being: You did not unite with Me but remained in the isolation you once entered as a result of your apostasy from Me. In order to facilitate the unity I helped you with a great act of grace: First I placed a tiny spark of My divine spirit inside of you and then constantly stimulated you to kindle this tiny spark by placing you into situations through destiny where you, with good will, would be able to accomplish labours of love It often was and is possible for you humans to let the spark of love within you ignite into a flame. You truly don't lack opportunities but it is an act of free will, and thus you can also neglect being lovingly active and the spirit within you remains dormant and cannot express itself, thus you have **not** established a connection with Me and are dead although you believe yourself to be alive And your earthly life is at a standstill, because a life 'without God' can never lead to advancement but attests to the connection with My adversary.

Thus I Myself cannot be **within** you because through your heartless nature you yourselves deny Me entry. This state amongst people can be observed far more than people's heartfelt unity with Me by living a life of love and allowing themselves to be guided by My spirit And this state can always be recognised when people no longer have faith in Jesus Christ Who, through His death on the cross, intended to help them strengthen their weak will of releasing themselves from My adversary. The divine teaching of love which the man Jesus preached on earth was meant to show people the path of uniting the spiritual spark within them with the eternal Father-Spirit. This is why Jesus exemplified a life of love to His fellow human beings and also demonstrated the effects of such a way of life: the complete unification with Me, which showed itself in His Words and activity on earth What was impossible to achieve before Jesus' sacrificial death, due to people's weakness of will who were still burdened by the original sin, was possible for people to achieve after his crucifixion, because they were granted the strength if they acknowledged Jesus Christ as the Son of God and Redeemer of the world and laid claim to His help. And then it also became possible for them to establish unity with Me by awakening the spiritual spark within them through activity of love and thus enabling Me Myself to take effect in them. However, without Jesus Christ no person's spirit can be awakened, for I Myself cannot be in someone who rejects Me, who does not believe that I redeemed him from sin and death Although My tiny spiritual sparks lays

dormant in every person's soul only love will awaken it to life, love, however, recognises Jesus Christ, it recognises Me in Him and unites itself with Me or in other words: Love is the divine spark which wants to unite itself with the fire of eternal love Then, however, you will be alive even if you lose your mortal life You have already been resurrected from death as soon as the spirit within you comes alive, and thus you cannot lose this life again because you have returned to Me and with Me death can never ever happen again

Amen

God's care for the human being

First seek the kingdom of God For it is your task in life to find the contact with My kingdom so that this kingdom can receive you again one day when you leave the earth. This is, in fact, your only task, because everything else will sort itself out, if only you make an effort to do justice to this task. You were placed in this earthly world in order to look for the **spiritual** kingdom while you live in it But you were also given a glorious promise that you will be able to cope with this earthly world as well if you fulfil the condition of looking for the kingdom of God **first** In a manner of speaking, I promised you a reward which, by itself, should alone entice you to comply with My requirement, for as a result of My promise you are also spared the struggle for existence, the worry about your life, about your earthly life

You need only take care of your soul's salvation, and I will take over the care for your physical well-being and sort out everything, which otherwise would demand a great deal of effort from you if you had to deal with it by yourselves. I will take over the care which earthly life demands of you as soon as you fulfil My requirement: to first strive for My kingdom and its justice i.e. if you completely hand yourselves over to Me because you recognise Me as your God and Creator, as your Father of eternity, because you recognise that true justice can only be found with Me, a life according to your soul's maturity, and because you realise that this is why you should seek Me and My kingdom, which will then certainly be opened for those of you who hand yourselves over to Me with complete trust in My justice You should only live in the right way with a view of acquiring My kingdom You should strive for heartfelt contact with Me

However, don't look for Me in the world, for My kingdom is not of this world, therefore you must turn your thoughts heavenwards, away from the world and its enticements you must think of My kingdom, your true home, which you once abandoned and to which you should return again. And you will not regret it if you follow My advice to strive for this kingdom, for you will also be relieved of all earthly worries and problems at the same time, because I will take care of these on your behalf and, in every adversity, I will truly look after you. I will provide for you in an earthly way like a father for his children, I will give to you what you need in everyday life, and I will also provide you with an abundance of spiritual wealth, for as soon as you turn your eyes to Me and My kingdom you will also receive gifts of grace from there and your

bond with Me will grow increasingly stronger, earthly life will no longer be a burden to you, you will have what you require ... physically and spiritually ... For then you will have escaped from the danger of succumbing to the world and its demands, of completely becoming enslaved by it and thus you will also have escaped from the lord of the world by completely consciously turning towards My kingdom which will now be granted to you. First seek the kingdom of God, all other things will be given to you This promise shall encourage you to look for the bond with Me and My kingdom, for as yet you are often held back by earthly worries, which you take more seriously than the worry for your soul But I promise you certain help, I take all your worries upon Me, providing you first look for Me and My kingdom Therefore you can live your earthly life completely without worry, if only you would always remember My promise However, only a few people take these Words seriously but they are released from all earthly burdens, for I Myself look after them, and I will lovingly look after every person who only ever strives to gain Me and My kingdom. And he will certainly reach the goal, he will find Me and unite with Me. He will not live his life on earth in vain, he will be admitted to My kingdom and be very happy

Amen

Who was Bertha Dudde?

Bertha Dudde was born on 1. April 1891, as the second oldest daughter of a painter, in Liegnitz, Silesia. She became a dressmaker and began to receive pronouncements from God through the 'Inner Word' on 15. June 1937.

"In a clear dream I was moved to write down my thoughts after devout prayer. Understandably this often gave way to doubt and inner conflicts until I was convinced that I was, myself, by no means the initiator of these exquisitely gracious words; but instead it was the spirit within me, in other words, the love of the Heavenly Father was obviously responsible for them and introduced me to the truth".

"I was given knowledge of the spiritual world which far exceeded my elementary school education. I received and receive this knowledge as a dictation in a state of complete consciousness; I write down everything I am told in shorthand, in order to then transfer it word for word to clean copy. The procedure does not take place in a state of compulsion, for example in a state of trance or ecstasy, but in an absolutely level-headed frame of mind. However, I have to want it to happen and then I can receive these dictations voluntarily; they are neither bound by time nor place.

"Now I only have one wish, which is to be able to make these gifts of grace accessible to many more people and in accordance with the will of God Himself to be allowed to do much more work in His vineyard."

(Quotations from an autobiography from 1959).

Bertha Dudde died on 18. September 1965 in Leverkusen, Germany.
